Firstly, I would like to take the opportunity to thank you once again for inviting me into your home.

I am pleased to enclose our formal marketing recommendation for residential lettings purposes. This figure has been ascertained through a stringent analysis of recent comparable transactions using both third-party and proprietary data.

In addition, we have augmented this data with a qualitative and speculative approach, utilising our 'on the ground' market insight and transactional expertise.

Please do peruse this marketing recommendation pack. As well as our recommendations, I have enclosed a number of Camerons Stiff Lettings' headline figures and a recent transaction record.

Unparalleled Listing Exposure

Most reputable agencies will list your property on portals. Camerons Stiff Lettings' services are distinct because we augment portal visibility with a multifaceted marketing strategy.

Our instagram account has a broad reach, boasting an average 30-day period 'view' rate of over 40,000 individual accounts.

Furthermore, our Salusbury Road office is situated in a commanding position opposite Lonsdale Road. This ensures that young professionals and families that visit the area may view your listing - irrespective of whether they're actively searching online.

We also have an extensive database of registered applicants, search / relocation agents and institutions.

Exceptional Marketing

Camerons Stiff Lettings specialise in the rental of North West London's most coveted and aspirational homes.

Prerequisites of our proven marketing strategy include best-in-class photography and intelligent property curations with a deep regard for features that make a property distinct.

We will work with you to understand any influences from interior designs, architects or colour consultants.

A renowned heritage brand

Since 1982, we have built an unparalleled transaction record and are universally recognised for providing an exemplary and distinctly personal client service.

Our name is synonymous with the markets in which we operate. Over the last 40 years, we have developed an estimable reputation that's rooted in integrity, dependability, transparency and success.

The firm was founded by the late Geoffrey Stiff and is still independently owned and managed by the same family.
