We have pleasure in offering to the market this truly unique and deceptive Grade II listed period home which affords immense character with attractive ironstone elevations beneath a slate tiled roof providing a handsome facade with sash windows behind which lies a versatile level of accommodation lying in the region of 2,400 sq.ft.

The property is tastefully presented throughout, combining both traditional and modern elements, with many period features including high ceilings, deep skirtings and architraves, stripped pine doors and attractive sash windows.

The accommodation provides four double bedrooms, the main bedroom benefitting from ensuite facilities and a beautifully upgraded contemporary bathroom.

To the ground floor there are three main reception areas including a beautiful dual aspect sitting room with attractive fireplace and useful office off, a separate snug/dining room and a farmhouse style kitchen fitted with a range of handcrafted units and having a central Aga range, attractive exposed brick chimney breast and high beamed ceiling and leading into a useful walk in pantry/utility. In addition a secondary entrance hall provides a ground floor cloak room with a second staircase rising to the first floor and, in turn, the fourth bedroom with its separate access that could provide annexe style facilities, perfect for teenagers or home office.

As well as the main accommodation the property occupies a simply stunning, established and generous plot lying just in excess of half an acre with a walled garden offering a great deal of seclusion and secure, gated parking to the front with garage and workshop. The main, relatively low maintenance, gardens are separated into three walled areas providing a delightful, established and well maintained outdoor space which affords pretty views across to the village church.

Overall this is a truly fascinating home in a delightful setting with viewing being the only way to appreciate both its location and accommodation.
