BRINSONS & BIRT

Rebuilt tastefully by the current owners in 2015 to extremely high building standards, this characterful detached, five bedroom property offers a wonderful fusion of modern insulation, roof structure, rewire and kitchen/bathrooms blended with lime pointed stonework, open feature fireplaces and cute alcove features throughout. The property positioned within a small cul de sac location and neighbours Coity Castle, enjoying wonderful views out across. Coity, a small village in Bridgend County is home to one of the most infamous castles in Welsh history. It is one of the best preserved castles in Glamorgan and was built c. 1100 by Payn Turbeville. The interior is inspired by Bali throughout and Volcanic rock tiling to floors, marble pedestal wash hand basins and open fronted shower cubicles.

Originally two cottages the vendors opened out the property to create large open plan family living throughout and originally converted the property to live in. Always a glowing recommendation!

Major road networks including the A48 and M4 corridor are close at hand with a short drive into Bridgend and Cowbridge and all they have to offer including shops, restaurants, schooling and public transport links.
