The property is set back from the road via a driveway for two off road vehicles that leads up to the front door. It has an open front garden laid to lawn with pedestrian side access to rear. The beautifully landscaped rear garden was intricately designed by Victoria Wade, whom has amassed a wonderful reputation and has been thoughtfully designed to create a stylish and highly usable outdoor entertaining space. Finished with contemporary paved terraces, raised rendered planters and attractive planted borders, the garden centres around a seating area with built-in water feature, bench seating, a matching central table and built in BBQ. A mature feature tree provides additional character and greenery, while the sleek horizontal fencing creates a smart, private backdrop. Beyond the garden, there are pleasant open views across the adjoining playing fields, giving the space a particularly attractive and open outlook.
