A spacious five-bedroom semi-detached house extending to over 2,000 sq ft (including the garage), set within a generous plot and enjoying a lovely west-facing garden backing onto open fields. While the property would benefit from general updating and modernisation, it has already undergone a number of significant improvements in recent years, providing an excellent foundation for further enhancement.

The accommodation is well arranged, with an entrance porch leading into a central hall with stairs rising to the first floor. The sitting room is a good-sized double aspect space with an open fireplace and patio doors opening onto the garden, while a separate family room overlooks the front. To the rear, the kitchen/dining room offers ample space for a large table alongside a range of fitted units, and leads through to a utility area with access to the garden, garage and a ground floor cloakroom.

Upstairs, there are five bedrooms including a particularly well-proportioned principal bedroom with built-in storage and doors opening onto a balcony overlooking the garden and fields beyond. The remaining bedrooms comprise three further doubles and a single. The family bathroom is notably large and offers scope to be reconfigured, potentially to create an en suite, and there is also a separate shower room.

Outside, the property benefits from a large gravel driveway providing parking for numerous vehicles, along with a lawned front garden with mature planting. The rear garden is a key feature, enjoying a westerly aspect and extending to approximately 130 ft by 60 ft, mainly laid to lawn with a variety of mature trees and shrubs, a kitchen garden area and a shed. The garage provides useful storage and workshop space.

Since 2020, the property has seen upgrades including new external doors, triple glazing, a modern heating system, solar panels & battery, partial rewiring, and updated security features. It offers generous space and excellent potential in a desirable location.
