This delightful Victorian cottage, perched midway up Quarry Hill has simply stunning views over the area's rolling hills towards Bath. Completely and comprehensively updated and improved by the current owners to an exacting standard, the property is sold with no onward chain. Retaining some period features, the cottage has an attractive entrance porch built by the current owner which compliments its frontage and enables the homeowner an area to throw off shoes and coats before entering the property. The next door takes you into the original bones of the cottage, the sitting room, with stairs to the first floor, a door to the kitchen dining room and a picturesque feature bath stone chimney breast. The spacious kitchen has a number of wall and base units, a built in range cooker and plenty of space for a dining room table to compliment the room. A door leads to the utility with space for a washing machine and a further door to the downstairs W.C. The ground floor is laid to wood effect and hard wearing laminate flooring. Off the first floor landing are the bedrooms and bathroom. The main bedroom is to the front with those stunning views and has an over stairs cupboard. The remaining two bedrooms are to the middle and rear of the cottage with the bathroom also at the rear completing the upstairs. The property is double glazed throughout and warmed by a mains gas fired central heating system. South View has a very large front garden with a path running from Quarry Hill. Directly off the front is a raised patio area enjoying the tremendous views on offer and a lower level ideal as a vegetable plot. A path to one side follows the garden to the bottom, this being laid to lawn and a blank canvas for homeowners to add their own personality too. To the side, for structural integrity to the hillside and for aesthetic purposes, there are a series of Gabions filled with Bath stone. These run along the side of the cottage separating the cottage from the adjoining hillside.
