Peveril Point Road, Swanage, Dorset BH19 2AT

* RARE OPPORTUNITY *

SITUATION:

In one of the finest locations within Swanage in a waterfront position overlooking Swanage Bay with uninterrupted views of Ballard Down, Old Harry Rocks, the Isle of Wight and the Dorset coastline. Situated at Peveril Point, which forms part of the Jurassic Coast World Heritage site, the property is approximately half a mile from the main town centre amenities. To the south of the property is 'The Downs' with clifftop walks leading to Durlston Country Park.

DESCRIPTION:

An Old Coastguard Cottage which forms part of a terrace of eight which were built, we understand, in the 1820's of rendered elevations under a replacement slate roof. Retaining character, the current owners have extensively renovated the cottage to provide comfortable, contemporary accommodation which makes the most of the shoreline location and superb sea views. Currently occupied full-time the property has previously been very successfully holiday let by the current owners who estimate the property could generate a turnover of £60-70,000 per annum. The front garden has been landscaped with local stone to provide a pretty and easy to maintain space which is used for outdoor dining, and to the rear there is a south-facing garden with two outbuildings (one in poor condition). Although the property has no allocated parking the residents are provided with permits to park on the private road (not available to the general public). A viewing of this desirable property is thoroughly recommended.

The front garden has been landscaped with local Purbeck stone and provides a pretty, easily maintained outside space with panoramic views. Gated access to the pathway in front, beyond which is an area of foreshore which belongs to this property. The rear garden faces south and provides access to the private road behind (on which the local residents can park with permits) and access to The Downs. There are two outbuildings, one housing the fridge/freezer, the second, on an upper level, provides storage but is in poor condition. The uppermost part of the garden could provide a formal garden, further seating area, or, as some neighbours have, obtain permission to erect a shepherds hut (or similar).
