***TENURE:**

Initially on a new 125-year lease. The Shared Ownership scheme is a Part Buy, Part Rent way of owning your own home for a smaller upfront payment. With Shared Ownership, you buy a share of your home using a mortgage from a bank or building society and pay a subsidised rent on the share you did not purchase. The combined mortgage and rent is usually less than you would expect to pay if you bought a similar property outright. You can buy a minimum 25% share of your home (the maximum you can buy initially is 75%). When you are ready, you can buy more shares until you staircase to owning 100% of your home, at which point it becomes freehold. For a 25% share the rental amount will be £704.69 pcm, and there will be a service charge of £63.38 pcm. We are advised no ground rents are payable.
