Inside you are greeted by a small entrance space and hit with a mix of original features and modern finishes. A herringbone-style flooring stretches ahead of the ground floor with exposed beams and stonework adding to the charm of this property. A second internal door with wood framing and glass panels opens into the main living area. This room has been fully refurbished with original wooden beams overhead, exposed stone feature wall. There is an old fireplace which is a feature now decorative, gas central heating, power sockets, a Sky point, and plenty of space to be used as a lounge or dining area.

Located off the living room, a stable-style door with glazed inserts leads through into the open-plan kitchen and dining area. The kitchen is newly installed offering modern cabinetry at both base and eye level, integrated electric oven and hob, and extractor over, stainless steel sink with mixer taps. There is a large window to the front bringing in loads of natural light with views of the front elevation and an additional one to the rear overlooking the side and rear elevations, exposed beams with downlighters finish the space off nicely.

Just off the lounge and up two shallow stone steps, there's a little nook that can be used as a mini boot room or coat area, with exposed stonework and a window to the rear elevation. A solid timber door leads to the downstairs cloakroom. The cloakroom with tiled floor, white toilet, hand wash basin, radiator, and part-exposed wall.

Carpeted stairs rising to the first-floor landing which also has more beams and original quirks. Once you reach the landing, the fresh carpet continues throughout the bedrooms and provides access to all rooms.

Bedroom number three is a good size, with dual-aspect windows to the front and back elevation, freshly decorated, fitted with a double wardrobe with shelving and hanging space, and finished with dimmable downlights. Bedroom two is again a double, this time with a bay-style window overlooking the front of the house and includes built-in storage. The master bedroom is an excellent size with fitted wardrobes, plenty of floor space, multiple sockets, and a front-facing bay window.

The family bathroom is just off the landing and benefits from tiled flooring, white suite with bath and mixer tap, a separate shower cubicle with electric shower, low-level WC, vanity sink with storage beneath, and dual-aspect windows to the side and rear giving good natural light.

Externally the property benefits from a rear courtyard which is low maintenance and fully enclosed, there's a good amount of mature planting around the edges, with door to the garage which had light and power.
