DESCRIPTION

This attractive, period, semi-detached family home has been substantially extended to create a large 3 bedroom annex at the rear, giving fantastic potential for multi-generational living or for a home with income potential. From the driveway, steps lead to a front door opening into a spacious entrance hall with high ceilings and a set of stairs rising to the first floor. On the right are two reception rooms, one used as a sitting room with a bay-window to the front and a feature period open fire place and a second that could be used as a study or separate dining room. On the other side of the hall is a kitchen/breakfast room with a bay-window and fitted with a minimal kitchen, including an electric hob allowing scope to be converted back into a reception room if required. The hall continues around the stairs where there is an interconnecting door leading into the annexe.

On the first floor there are two impressive double bedrooms, along with another connecting door to the annexe. Both rooms are complimented with high ceilings and period features and stripped floor boards. To the front is the larger of the bedrooms with a dual aspect and a period open fireplace and bedroom 2, to the rear has a window to the side. Beyond bedroom 2 is the main bathroom, again a good sized with a roll top bath, hand wash basin and low level W.C. There is a feature open fire and a window to the front.

THE ANNEXE

Attached to the rear of the house is the annexe, accessed either via the original property or a separate front door further along the driveway opening into a good sized entrance porch with a door into the garage. A door leads into an impressive entrance hall with a spiral staircase rising to the first floor, a vaulted ceiling with glass panels to the roof and a door into a spacious family bathroom fitted with a freestanding bath, large walk in shower cubicle, hand wash basin and a low level W.C. On the right of the entrance hall, a corridor leads down to two double bedrooms, there is a W.C, an interconnecting door into the original part of the house and a hatch giving access to a good sized cellar.

To the rear of the annexe is a fantastic open plan sitting/dining/kitchen area measuring over 18ft across and providing an excellent entertaining space with three sets of patio doors leading out to the garden. The kitchen is fitted with a range of base, wall and drawer units with a solid wood work top over and a range for cooking and there is an adjoining utility room.

On the first floor, at the top of the stairs is a dressing room or study area, a double bedroom with adjoining en-suite shower room and the interconnecting door into the original house.

OUTSIDE

To the front of the house is an area of landscaped garden with a gravelled driveway, running the length of the building providing parking for a number of cars and leading to a garage with electric roller door and access along the side into the garden. The rear garden is a good size and laid mainly to lawn and fully enclosed with a gate at the rear giving access to a back service lane. Leading off the kitchen is a raised patio ideal for outside dining with steps down to the lawn where there is a summer house, garden and a garden studio ideal for working from home.
