DESCRIPTION

One of just two apartments created from the former T.H. Ede pickle factory, Flat 2 represents a rare opportunity to acquire a stylish and individual home within a building of local significance. Converted with exceptional attention to detail, the property combines contemporary finishes with character features, including exposed beams, roof timbers and mezzanine floor.

This light and spacious apartment offers two double bedrooms, each with its own en-suite shower room, together with an impressive open plan living area featuring a well-equipped kitchen and double doors to a decked balcony. Additional benefits include a separate office/store, off-road parking and use of a shared bike store. The apartment is offered with a share of the freehold.

ACCOMMODATION

A private entrance with stairs rises to the first floor landing, where there is access to a useful office/store room. The open plan living/kitchen area is a particularly generous room, filled with natural light from triple aspect windows, Velux roof lights and glazed double doors opening to the balcony. Exposed beams and woodwork highlight the building's character, while the modern kitchen area is fitted with a range of units, breakfast bar, integrated oven and hob with extractor, dishwasher, fridge and freezer, with space for further appliances. From here, stairs rise to the mezzanine level, providing additional living/working space. The principal bedroom includes built-in storage, a cupboard housing the boiler, and an en-suite shower room. The second double bedroom also benefits from its own en-suite shower room and built-in storage.

OUTSIDE

The apartment enjoys a private decked balcony with glass balustrade, ideal for outdoor seating. There is one allocated parking space together with a shared bike store and a private garage/store
