## DESCRIPTION

Cross Cottage offers an exciting opportunity to refurbish this centrally located village property, with potential for extension (STPP), and to create a wonderful contemporary family home. Currently laid out as two reception rooms, a kitchen with an oil fired Rayburn, downstairs bathroom, three bedrooms on the first floor, a fourth bedroom on the top floor, along with a useful storage room.

## ACCOMMODATION

Cross Cottage, entered via black metal gates, allows room for off street parking directly next to the property in the courtyard. The current layout on the ground floor takes you into the dining room which we are led to believe has the original inglenook fireplace behind the current modern installation. From here you enter the kitchen with a working oil fired Rayburn and views overlooking the courtyard and garden. The property is served by a downstairs bathroom with a shower and WC. Also on this floor is a sitting room with a boarded fireplace and double windows.

Upstairs there are three bedrooms and on the top floor is a fourth bedroom along with large storeroom with potential to being incorporated into useable living space (STP).

## GARDEN AND OUTBUILDINGS

To the side of the property there is a useful carport and large store which houses the current oil tanks. The south facing garden is mainly laid to lawn and is surrounded by stone walls. Within the garden there are two green houses and a wooden shed at the far end.

## SERVICES

Oil central heating

Mains drainage, water and electricity
