Ottery St Mary, to the east, offers a good range of amenities, including a supermarket and a selection of independent shops, whilst to the west, the city of Exeter has all the amenities associated with a major regional centre. Transport links are very accessible, the A30, M5 (junction 29) and Exeter International Airport are all within easy reach.

DESCRIPTION

No. 2 Leigh House is a charming two bedroom terraced cottage, located in a convenient central position within the village. The property is well-presented throughout with a combination of original character features with modern attributes.

The entrance porch opens through to the kitchen/dining room with a range of units, including a fridge/freezer, dishwasher, under-counter single oven, ceramic hob and extractor hood. A step leads up to an additional storage space under the stairs. There is an internal hall with steps to the sitting room and a door opening to the shower room that has a wide shower and WC. The sitting room includes a wall-hung electric fire and two high-level windows that brighten the room with natural light. Beyond the sitting room is a small utility with access to the rear garden. On the

first floor are two bedrooms, including a large principal bedroom to the front, and bathroom with shower over the bath.

Plans have been drawn for a rear extension (copies available on request), but have not been submitted as a formal planning application.

The rear garden, accessed from the utility via a slabbed pathway, is mainly laid to lawn with the front part of the garden being raised with shrub-planted borders and closeboard fencing along the boundaries. The path continues to the top part of the garden, past a separating and established hedge and oil tank, with a decked seating area and service access to the side.
