## SITUATION

Chartuck is situated on the edge of the pretty village of Gorran Churchtown, close to the south Cornish coast. The village centres around a beautiful church and includes a small store/post office, public house, cricket club and primary school with its own swimming pool. Gorran Haven, about a mile away, is well known for its' an attractive beach and harbour as well as a range of local facilities and amenities including a village store/post office, coffee shop, fish and chip shop and so forth.

The historic fishing village of Mevagissey and its array of cafes, public houses and restaurants within its myriad of narrow streets, is about 3 miles to the north-east. St Austell, about 9 miles to the north, offers a more comprehensive range of facilities and amenities, and the cathedral city of Truro, about 14 miles to the west, forms the cultural, administrative and retail centre of Cornwall. There is a mainline railway station on the London Paddington line at St Austell.

## THE RESIDENCE

Immediately to the front of Chartuck is a brick paved car parking area for a number of vehicles.

On the ground floor, an opaque glazed front door with matching sidelights opens to a welcoming Reception Hall with stairs off to the first floor, exposed wood floor and doors off to all the main rooms. These include a spacious L-shaped Kitchen, Dining and Living Room with exposed wood floor and range of modern kitchen units with wood effect worktops to splashback tiling and including a sink unit with mixer tap, space and plumbing for dishwasher, built in fan assisted oven, separate oven and grill and induction hob with extractor hood over. The Dining and Living Area is double aspect with glazed doors opening to an outside raised decked seating area with fine outlook over and steps down to the garden. Off the Dining Area is a side Boot Room with tiled floor, coat hanging space and door to outside.

There is a well-proportioned Sitting Room, with double aspect, picture window enjoying the outlook over the gardens and valley views beyond, exposed wood floor, inset wood-burner (not in working order) and hearth. Also on the ground floor is a Double Bedroom with part walled Dressing Area and door through to an En Suite Shower Room with quadrant shower with electric shower, pedestal washbasin, wc and heated towel radiator; and a Family Bathroom with panelled side filling bath, quadrant shower, modern vanity washbasin, wc and tiled floor with electric underfloor heating.

On the first floor is a spacious Main Bedroom with built-in wardrobes, access to roof storage and door leading through to an adjoining either Fourth Bedroom, Dressing Room, Study or Hobbies Room, with Velux windows. If desired, it is considered there is good potential to divide this room and create an En Suite Shower Room and walk-in Wardrobe/Dressing Room/Study - subject to all necessary consents and approvals. Opposite is a Third Bedroom 3 with built-in wardrobes and view over the garden.

Below the ground floor with internal access either from the Reception Hall via a trap door, or from an outside door, are a series of three useful Basement Rooms with power and lighting. These could be used for a variety of purposes and currently offer a Workshop/Store with bench; a central Utility Room with plumbing for washing machine and suspended deep ceramic sink unit; and Storeroom.
