SITUATION

Stamford House occupies a desirable location within the popular town of Cullompton, providing easy access to a comprehensive range of local amenities including shops, schools, and recreational facilities. The property is conveniently positioned for road networks, including the M5 motorway at Junction 28, making Exeter, Taunton, and the wider region readily accessible.

DESCRIPTION

This attractive period home combines character with modern living. The main house offers three double bedrooms, including one particularly spacious principal suite with an en suite shower room, alongside a family bathroom.

The ground floor accommodation includes a large sitting room leading into a conservatory, a kitchen/dining room, and a downstairs cloakroom.

The property also benefits from previous planning consents for further development, providing significant potential to enhance or extend the accommodation. Mid Devon Planning Reference: 21/01014/HOUSE.

THE NOOK

There is a self-contained one-bedroom annexe, offering excellent flexibility for guests or multi-generational living. Situated separately from the house this is a versatile space which offers privacy to those looking for ancillary accommodation.

OUTSIDE

The property offers a charming cottage-style courtyard garden which has been sympathetically landscaped for ease and low maintainence. A private driveway provides ample parking for three or more vehicles and hosts a generous garage, with solar panels, giving additional storage and workshop space.

Planning permission was granted in 2021 for a conversion for the garage into a one-bedroom studio apartment for ancillary accommodation (Mid Devon Planning Reference: 21/01014/HOUSE).

SERVICES

Mains electricity, water, drainage, and gas are connected.

DIRECTIONS

From M5 J28 follow the signs for Cullompton town centre, at the traffic lights turn left and take the first right onto St Andrews Road, follow this road for a short distance and the property will be located on the left hand side with a Stamford House on the outer wall of the boundary.
