SITUATION & AMENITIES

The property enjoys an idyllic, timeless and tranquil rural position, which is remote but not isolated, approached by a long 'no-through' track which is owned, with others having right of way over it. The views from the dwelling over the Taw Valley are delightful. At the same time, the centre of the village is about 3/4 mile and this offers an excellent public house – the Exeter Inn – which also serves food, a good community shop, church and village hall. On the Southern edge of the village is the Mole Resort, with its impressive leisure facilities. The local market town of South Molton is about 6 1/2 miles and offers an excellent range of amenities and shops, including a Sainsbury's supermarket and schooling to secondary level. The regional centre of Barnstaple – with its larger commercial venues – is about 13 miles and the Cathedral City of Exeter about 28 miles. A local rail link is available on the regular service between Barnstaple and Exeter on the Tarka Line at Portsmouth Arms station (2.7 miles). Both Exmoor and Dartmoor National Parks are within easy reach by car, as is the renowned North Devon coastline. The area is well served by excellent state and private schools including the reputable West Buckland school.

DESCRIPTION

Taylor's Cottage comprises a highly individual detached character residence – in an almost Tyrolean style – which presents elevations which are partly of stone, part oak-framed and part timber-clad, beneath a mainly tiled but part corrugated tin roof to the single-storey extensions. It would seem that the original period stone core was remodelled and extended around 2007, when a two-storey timber-framed green oak extension was added to the end of the property. The property is now in need of general modernisation and improvement. The versatile accommodation is arranged over two storeys and could potentially suit dual occupation. Externally there is a triple car port, various sheds, a summer house, studio, mature gardens, approximately 9.5 acres of sloping pasture, approximately 28 acres of mixed woodland – in all understood to amount to approximately 36.94 acres, crossed by a stream. Further up the lane is a separate parcel of land of approximately 0.68 of an acre (but included in the overall total) upon which sits a range of former farm buildings, including a pole barn and Dutch Barn, with potential for a variety of uses subject to planning permission and which we refer to as Lot 2. The guide price for the whole is £765,000. The guide price for Lot 1 only is £725,000. The guide price for Lot 2 only is £40,000.

OUTSIDE

Attached to the property is a POTTING SHED and covered VERANDA. Nearest to the drive – which provides ample parking and turning space – is a TRIPLE CARPORT and two SHEDS. From the access track an independent spur track leads via a corrugated and timber CARPORT to an area where there are additional buildings, including a WORKSHOP, STORES and DETACHED CABIN/STUDIO with wood burner. Returning to the drive, there is then a further dilapidated SHED in the wooded area above and behind the property. There are well-established GARDENS with many specimen shrubs and trees. There are TERRACES, an area of ORCHARD and KITCHEN GARDEN. The pasture element of the property is nearest to the house, above and either side of it. The remainder of the ground is laid to sloping WOODLAND. The land is crossed by a stream. Before reaching the property there is a seat, positioned to enjoy the wonderful vista into the Taw Valley. Given the existing buildings dotted around the grounds, there may be potential for holiday lodges or similar, subject to any necessary planning permission being obtained. LOT 2 comprises a POLE BARN of three bays and adjacent steel-framed DUTCH BARN with corrugated roof. There is a PARKING AREA/AREA OF LAND immediately in front of these. Whether sold together with LOT 1 or independently, these barns will be sold subject to OVERAGE, the exact wording of which will be produced by the vendor's solicitors. If sold independently from the main lot, these buildings will enjoy a right of way over the access track, which the vendors own.
