LOCATION

This beautiful South-facing, very well-presented character property is set sideways onto and elevated above a quiet 'no through lane' and is one of a handful of houses in a small hamlet on the outskirts of Goodleigh and Barnstaple. Mature gardens wrap around all four sides of the farmhouse creating a private oasis. Once a nursery, the gardens are filled with well-established native and tropical shrubs and trees, none of which have tree preservation orders in place, allowing autonomy of maintenance. The countryside, scenic walks and the Tarka Trail are directly accessible from the house. A short walk along the lane is a children's play park with football pitch, with Orchard Vale Primary school and nursery all within a 5 minute walk. The farmhouse is positioned perfectly between Exmoor National Park and the award winning North Devon coast line. Nearby sandy beaches include Saunton Sands, Croyde, Puttsborough, Woolacombe and Westward Ho! Barnstaple, the regional centre, is a 5-minute drive and offers the area's main business, commercial, shopping and leisure venues, as well as restaurants, live theatre, cinema, rail and bus links and district hospital. The A361 North Devon Link Road leads directly to Jct.27 of the M5 Motorway, where Tiverton Parkway offers trains to London Paddington in under 2 hours. THE PROPERTY

This impressive Grade II listed period farmhouse, with attached threshing barn and detached stable block dates originally from the 16th Century and is bursting with charm and character. Boasting many original features including four Inglenook fireplaces, one of which sits a beautiful cream Aga. It is a substantial family home of some 4372 sq ft. The farmhouse benefits from three generously sized reception rooms, unusually high ceilings, with all rooms having views out over the beautiful gardens. Originally a substantial 5 bedroom house, the property is currently configured as a 3 bedroom main house with a 1 bedroom annexe benefiting from its own front door. As there is also an integral door joining both sections it could be returned to a 4/5 bedroom house with minimal effort. The holiday apartment has incredible reviews helping get a feel for how truly special this property is:

"WOW,WOW,WOW. Everything was just perfect. Excellent secluded premises, it was so quiet that it was unbelievable. You could hear the bees buzzing and the birds chirping, we absolutely loved it. This has to be the most peaceful, beautiful Air B&B we have ever stayed at. This is a place you need to go, to believe it."

"What a lovely spot! The annexe has its own pedestrian entrance and felt very private, and is surrounded by mature, and beautiful trees - like being in an arboretum!"

"The location is perfect - the property, garden and surroundings were picture perfect & we felt at home from the moment we arrived. It was a fantastic base for visiting all the surrounding coastal areas! Thank you for letting us share your slice of paradise."

THE RESTORATION

The farmhouse has been fully restored including: removing all exterior concrete render, replacing with traditional lime and stone repointing, full re-wire, Lindab metal guttering, roof replacement including new membrane, batons and traditional reclaimed Delabole slate. The farmhouse benefits from a newly installed gas central heating system throughout, improved insulation in the roof voids and the installation of 30 traditional cast iron radiators.

Sympathetically modernised internally, it has new bathrooms, cloakroom, sage green timber kitchen with Aga and additional range cooker. The interior woodwork and fireplaces have been restored, walls replastered and the exterior re-rendered in traditional lime and painted in 2023.
