A Versatile Home Designed Around Family Life

Situated within the desirable setting of Holly Tree Close in Whitehall, Darwen, this substantial detached family home offers approximately 3,095 sq. ft. of versatile accommodation, with six bedrooms, generous reception space, an impressive kitchen, multiple bathrooms, a sauna, integral garage and established private gardens.

What makes this property particularly appealing is the flexibility of the accommodation. The arrangement of the ground floor, with a bedroom/office, shower room, utility facilities and access to the garage, lends itself particularly well to multi-generational living. This could provide an excellent arrangement for older family members, dependent relatives or guests who may benefit from having their own area of the home while still being close to the main family accommodation. It could equally work well for those looking for a home office or additional private living space.

Let's tell you more about it!

Flexible Family Living

The welcoming entrance hall provides access to the principal living accommodation and creates a natural connection between the different areas of the home.

The main reception room is bright and comfortable, with attractive timber flooring, generous proportions and a contemporary fireplace creating a warm focal point. There is also a second substantial living area, offering excellent flexibility for family life, entertaining or creating separate spaces for adults and children.

The dining room provides an ideal setting for more formal meals and entertaining, with attractive glazed doors helping to connect it with the adjoining areas of the home.

The kitchen is one of the property's standout features, combining a comprehensive range of timber cabinetry with crisp work surfaces, integrated appliances and a central island. The extensive glazing overlooking the garden brings an abundance of natural light into the room and creates a lovely connection with the outside.

The adjoining conservatory-style space provides a wonderful informal area for breakfast, family meals or simply enjoying views across the garden. With its extensive glazing, it is a particularly pleasant part of the home throughout the day.

The utility area adds valuable practicality and storage, while the adjoining shower room further enhances the flexibility of the ground floor.

One of the most interesting aspects of the property is the additional bedroom/office on this level. Combined with the nearby shower room, utility facilities and separate access towards the garage, this part of the home could be particularly well suited to multi-generational living. It offers the possibility of creating a more independent area for a parent, relative or older family member, while retaining easy access to the rest of the house. It could also provide an excellent guest suite, home office or private space for a family member wanting a little more independence.

The integral garage provides further useful space for parking, storage and hobbies.

Sleeping Quarters

Upstairs, the property provides five well-proportioned bedrooms arranged around a central landing, creating a spacious and comfortable private area away from the main living spaces. The layout offers excellent flexibility for a growing family, with plenty of room for children, teenagers, guests or those requiring a dedicated home-working space.

The principal bedroom provides a peaceful retreat and benefits from its own generous en-suite facilities, creating privacy and convenience away from the family bathroom. A further bedroom also enjoys an en-suite with sauna, making this particularly useful for older children, guests or family members who would appreciate their own facilities.

The remaining bedrooms are all versatile spaces, offering plenty of scope to adapt the accommodation around the needs of the household. With six bedrooms in total, the property has the flexibility to comfortably accommodate a large family while also allowing space for guests, hobbies or working from home.

The sauna offers a private space in which to relax and unwind at the end of the day, adding a real sense of luxury to the home. It is an unusual feature that could be particularly appealing for those who enjoy wellness and relaxation, while also giving the first floor something that sets it apart from a conventional family home.

The first floor provides an impressive level of accommodation and privacy. The arrangement also complements the potential for multi-generational living, giving different members of the household the opportunity to have their own comfortable space while remaining together under one roof.

A Private and Established Garden

Outside, the property continues to impress with a truly wonderful front , side & rear garden that provides an exceptional setting for enjoying the outdoors. Beautifully established and surrounded by mature trees, greenery and attractive planting, this is a garden that offers both space and a wonderful sense of tranquillity.

The generous lawn stretches out from the house, creating an inviting area for children to play, family gatherings and summer entertaining. Mature borders and established shrubs frame the garden beautifully, adding colour, texture and a sense of privacy.

A gently curving pathway winds through the lawn, creating a charming journey through the garden and leading towards the far end of the plot. The pathway is beautifully edged with stone, complementing the established planting and adding a lovely character to the outdoor space.

The garden is a real highlight of the property, offering a peaceful escape from everyday life. Whether enjoying a morning coffee in the sunshine, relaxing with a book beneath the mature trees or entertaining friends and family during the warmer months, this is a wonderful outdoor space that can be enjoyed throughout the seasons.

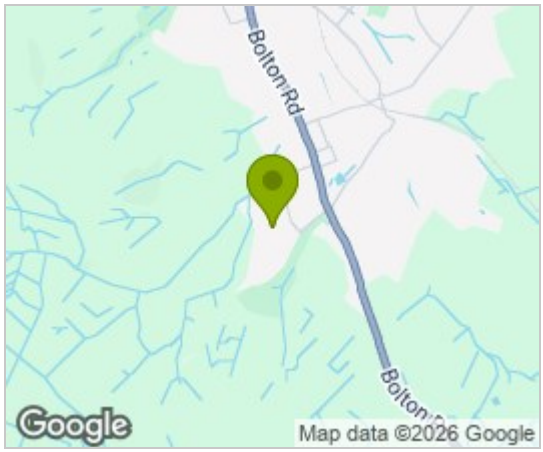

The established borders, mature planting and beautiful greenery create an attractive and secluded atmosphere, while the generous lawn ensures there is plenty of room for a variety of outdoor activities. It is a garden with a lovely balance of open space and planted areas, making it both practical and visually appealing.

Overall, this is a beautiful and well-established garden that adds a great deal of charm to the property, providing a peaceful and private setting that complements the spacious and versatile accommodation.
