OUR 5 STAR GOOGLE REVIEWS

These are just a few of our reviews. Google us or visit our website to see more.

First class service from Colin. Nothing was too much trouble and he followed everything through from the first enquiries to the successful completion. He was always on hand and quick to respond. I felt that I mattered which has not always been my experience with other agents.

My local Hive agent was always available at the end of the phone and kept me regularly updated throughout the sale. The initial feedback from viewings was received immediately, and he even gave guidance to inform our onward purchase. The best in the area!

Hive took on our property after we had a very disappointing experience with another agent. They came in took some great photos and drone footage of the property and got straight to work. We had several viewings which lead to the sale. They kept us updated throughout the process on the number of hits the house was getting. If you're thinking of selling give Hive a chance.

Hive went above and beyond to capture fantastic photos using virtual staging to show the home's full potential. The result was a beautifully presented listing that really stood out, and ultimately led to a successful sale.

Paul & the Hive team, thank you for helping us finally get our house. After months of trying to sell it with another agent, you came in, offered a better service, worked hard on the property, and we had a sale in 4 days! What more could you ask for?
