A spacious and beautifully renovated Edwardian style property set within a generous plot, just a ten minute walk from the stunning Polurrian Beach.

Tregwyth has been comprehensively, sympathetically, and tastefully renovated and upgraded by the current owners over the last three years. The works carried out have significantly enhanced the property, while preserving and accentuating its original charm and features.

Downstairs, a stylish porchway opens into a spacious, light-filled hallway with original wooden parquet floors. Adjacent to the hallway is a beautifully proportioned sitting room, also featuring parquet herringbone floors and a striking Rais wood-burner. On the opposite side of the hallway, there is a generous dining room, where the parquet floors continue. This room also boasts a working open fire and a large bay window that floods the space with natural light. To the rear of the property is the superb kitchen, which has been opened up by the vendors to create a modern, light-filled space that is perfect for both entertaining and relaxing. At one end of the kitchen, a cosy relaxation area has been created, complete with an entertainment unit and a bio-ethanol fire. At the far side of the kitchen is a practical utility room, offering additional storage and space.

Upstairs, the property continues to impress with tasteful updates throughout. The master bedroom features a beautiful en suite, while the three further bedrooms are all of a good size, with bedroom four benefiting from access to its own private balcony overlooking the rear garden. There is also a stunning family bathroom to service this level.

Outside, the property sits in the centre of a large plot with ample parking to the front and access via two gateways. To the rear is a beautifully landscaped garden, which includes a spacious patio area, a good-sized lawn, and numerous spots for barbecues and enjoying the sunshine. Additionally, there is a detached double garage along with a summer house / large playroom which could be converted to a garden office if desired. There are also further outbuildings for storing wood / general storage.
