WHAT'S GREAT?

A charming, grade II listed farmhouse dating back to 1770 situated in the heart of this delightful Northamptonshire village which benefits from a superb annex/home office perfect for working from home or for a relative as a separate living space, fully modernised to a high standard with living space, shower room, kitchen and mezzanine level providing an additional bedroom to the three in the main house.

This beautiful, Norfolk Reed thatched home offers superb accommodation across two floors with an abundance of original features.

Internally the accommodation comprises; reception hall, lounge, dining room with access to a wine cellar, family room with Rayburn, kitchen, utility room / ground floor shower room and separate wc.

On the first floor expect to find three double bedrooms and two family bathrooms one of which is newly fitted with a free standing roll top bath taking in the views opposite the property and a separate shower cubicle.

Outside you will find an enclosed wrap around garden which enjoys views over towards the church spiral and offers a high degree of privacy.

There are also two driveways and an oak framed double car port. The annex has been converted to an excellent standard with ground floor living space, kitchen and shower room and mezzanine bedroom which is accessed from a spiral staircase.

SELLER'S SECRET

We love the peaceful, quiet location of the house and we love the village. We bought the property because of the original features and the generous outside space and parking which is important to us. We are simply looking to sell as we have seen a development opportunity close by.

Why we like it....

We just love this property! From its superb edge of village location which is ideal for dog walking to the superb village pub.

We also love the versatility of the annex which in our opinion has been finished to a superb standard and could also double up as a work from home studio or granny annex.

If its a chocolate box cottage in an excellent location that you're after this is certainly worth a look.
