

80 Wathen Road

Being offered for sale with the benefit of no onward chain, this substantially extended and enlarged semi-detached home is popularly situated at the end of a cul-de-sac in North Leamington and offers four bedroomed accommodation. One of the most striking features of the accommodation is the large open plan kitchen/living dining room, which extends across the majority of the rear of the house and off which there is also a useful study and ground floor shower room. On the first floor, the four bedrooms are complemented by a large family bathroom which is equipped with period style fittings including a roll top bath, whilst externally the house has the significant advantage of direct access to a garage, along with a well proportioned rear garden. Overall this is a rare opportunity to purchase a four bedroomed family home within walking distance of town centre facilities.
