 - Site Office and Staff Area
 - Air Conditioning

MOUNT & MINSTER

INTRODUCTION

Set in approximately 8 acres, this unique property offers the highly sought after combination of both residential and commercial property. It includes a delightful residence which has undergone a full refurbishment program in 2020 including being re-wired, re-roofed and extended to create a high quality finish family home benefiting from underfloor heating, air conditioning and solar panels, along with Smart App technology to control the heating. The main garden is primarily laid to lawn with patio and decked seating areas. There is also an outbuilding which has been converted to a storage room to one side and a home office/garden room to the other which is fully insulated with power, light and heating making this a usable space all year round. The commercial element includes a modern steel portal frame distribution and storage building benefiting from three roller-shutter doors, distribution yard, secure access, CCTV and alarms. The manicured grass paddocks are currently being utilised as a profitable wedding venue and adds excellent amenity value to the property along with lending itself to further business opportunities.

LOCATION

Normanton on Trent is a village situated approximately 10 miles North of Newark, and with commuting distance of Newark, Retford, Lincoln and Nottingham. The property is well positioned to access the A1, A46 & A57 road networks.

DISTRIBUTION YARD

A large concrete yard with extra hard standing allows for HGV movement and parking. Modern steel portal framed storage and distribution building with three electric roller shutter doors, concrete floors, three phase electricity, and lighting. Timber framed plant storage building. Large three phase solar PV array. Secure access with electric gates, CCTV and alarm system. A recently developed site office with air conditioning, main office, canteen area and separate male and female WCs.
