

Appleton

Location

Appleton is a leafy suburb neighbouring Stockton Heath which offers a range of associated amenities including retail outlets, restaurants, bars and borders onto Walton Hall Gardens. For more comprehensive shopping needs the larger commercial town of Warrington is also readily accessible together with access to the M6/M56 motorway networks and subsequently to Manchester and Liverpool Airports.

Appleton is home to Fox Covert Cemetary, known locally as 'Hillcliffe' which offers an excellent vantage point across Warrington. This makes it a hot-spot for a range of occasions including New Year's Eve and Bonfire Night. The area was first listed in the Domesday Survey of 1086 under the name 'Epeltune' which translates to 'the tun where the apples grew.'

Home to a golf club and leisure centre Appleton is ideally located for a range of great amenities. There are also four highly regarded schools in the area, making it a prime location for families.

Appleton London Road

This attractive, traditional 1930s detached property has been in the family for a number of years and bears little resemblance to the original layout. The majority of the building work was carried out over forty five years ago including the family room which was constructed to the rear benefitting from garden access and views, the garage which now measures nearly sixteen metres which is a luxury for the car enthusiast as well as those looking to repurpose this area into further living accommodation, main bedroom and en-suite sited above the garage and the second floor conversion providing extra versatile space. More recently, there has been a dining kitchen extension with a roof lantern which now provides a seamless flow to the family room.

Set back from the road whilst occupying a convenient and popular location, this extended home affords accommodation presented over three storeys to which an incoming buyer may wish to update and improve to their own tastes.

In brief, the accommodation comprises an entrance porch with period reflective 'Quarry' tiled flooring which in turn leads into a homely hallway with staircase and understairs storage, lounge, dining room, family room, dining kitchen with integrated appliances, breakfast bar and larder cupboard, utility and WC. The first floor includes the main bedroom and en-suite, three further bedrooms and the main bathroom. A secondary staircase leads up to a further room with eaves access. The garage accessed from the utility room is worthy of special mention due to being nearly sixteen metres in length which provides various options for repurposing. Externally, there are gardens and generous driveway parking.
