The 19'8" (5.99m) kitchen offers generous worktop space and an extensive range of base and wall storage cupboards, complemented by integrated appliances including a touch control hob with a double oven and grill, plus space for freestanding appliances. A fixed breakfast bar/dining table provides a casual dining area and a double-glazed stable-style door leads out to the side of the property.

On the first floor, the landing includes a useful storage cupboard and doors leading to 2 double bedrooms with built-in wardrobes, 1 single bedroom with additional storage and a stylish bathroom. The bathroom was fully replaced and restyled in 2025, to offer a walk-in bath with powered seat, heated towel rail and a separate walk-in shower.

Additional internal features include a gas fired central heating system and double glazing throughout.

Externally, the front garden is low maintenance and paved with an attractive rustic redbrick gated driveway providing parking and access to the original single garage which has been adapted into a versatile store room or workshop. The part-walled rear garden offers further low-maintenance "lock-up & leave" outdoor space which is predominantly paved with shrub beds.
