The Property

Offering approximately 2,124 sq. ft. of accommodation, this substantial detached chalet provides a fantastic opportunity for families seeking space, flexibility and comfortable living. With five bedrooms, a separate study offering potential as a sixth bedroom, generous reception space and accommodation arranged across two floors, this individual home lends itself perfectly to a variety of lifestyles.

The ground floor welcomes you into an entrance hallway, providing access to the versatile accommodation throughout. A particular highlight is the spacious wraparound lounge/diner, with plenty of room for living and dining furniture. The fitted kitchen provides a practical space for everyday cooking, whilst the conservatory offers an additional reception area overlooking the garden. Completing the ground floor are two bedrooms, a family bathroom and a separate study, which could equally serve as a sixth bedroom, home office or hobby room.

Upstairs, the accommodation continues with a generously proportioned principal bedroom, two further bedrooms and a shower room. The flexible arrangement of bedrooms across both floors makes the property particularly appealing to growing families, those requiring space to work from home or buyers seeking the convenience of ground-floor bedrooms.

Externally, the property enjoys a lawned front garden alongside a private driveway providing off-road parking. To the rear is an enclosed garden, offering space for outdoor seating, entertaining and family enjoyment, together with an additional parking space.

What the agent loves!

West Row is always a popular village for us, offering that lovely village feel whilst being just a five-minute drive from a great range of everyday amenities. What I particularly like about this home is how adaptable it is. With bedrooms on both floors, it could work brilliantly for multi-generational living, giving family members their own space. Equally, if you work from home, need a hobby room or even want a dedicated room for the dogs, there really is the flexibility to make it work for you. With over 2,100 sq. ft. to play with, it's a home that can adapt as your family's needs change.
