These sales particulars have been produced as a general guide only and we would draw to your attention that we have not carried out a detailed Survey of the property nor have we tested services, appliances or specific fittings. Whilst measurements and statements given within the details are provided in good faith, their accuracy should not be relied upon. If there are any points about which you may be uncertain or would like further clarification, we would suggest that you telephone this office and speak to our staff who will endeavour to assist you.

Energy efficiency ratings are based on the Energy Performance Certificate (EPC) for the property. The EPC is a legal requirement for all properties that are let or sold in England and Wales. The EPC is a document that provides information on the energy efficiency of a property and the potential for energy saving. The EPC is a document that is valid for 10 years. The EPC is a document that is valid for 10 years. The EPC is a document that is valid for 10 years.
