The Property

An exceptional opportunity to acquire a choice of individual building plots, each benefiting from outline planning permission and positioned on the desirable outskirts of the development. The offering comprises two adjoining double plots, positioned next to each other in a sought-after back-row setting, enjoying a rare sense of privacy and an outstanding open outlook across unspoilt countryside, with nature and wildlife providing a wonderful backdrop.

These superb plots offer the ideal setting for creating a distinctive new home in a peaceful semi-rural location. The position allows buyers to enjoy the best of both worlds: a quieter setting surrounded by green space, while remaining conveniently placed close to good amenities, local villages and transport links.

The rear aspect is a particular highlight. With far-reaching views over the surrounding landscape, the plots offer the potential to design a home that makes the most of the scenery, natural light and changing seasons. Whether your vision is a contemporary family residence, an elegant country-style home or a bespoke retreat, this is a prime opportunity to create a property tailored to your own requirements and lifestyle.

The plots form part of an appealing setting where the emphasis is on space, outlook and quality of life. The peaceful surroundings make this an attractive proposition for self-builders, developers and purchasers seeking a unique home in a location that is increasingly difficult to find.

Outline planning permission is in place, offering a strong foundation for the next stage of the build process. Interested parties should make their own enquiries regarding the planning consent, any conditions, design requirements, services, access and all matters relevant to their proposed development.

Early viewing is strongly advised to fully appreciate the setting, outlook and potential on offer.
