This includes; discrete integrated PV panels, air source pumps delivering sustainable heating source to underfloor heating, optional home battery solar systems to power near off-grid energy consumption and external EV ready power sockets.

CUBERT

A VILLAGE CONNECTED

The village enjoys excellent transport links and is situated close to popular North Coast destinations such as Holywell Bay and Perranporth.

Cornwall's main arterial route, the A30, is just a five mile drive from Cubert, and the cathedral city of Truro is only 11 miles away. Newquay has its own railway station and links to Bodmin Parkway station, which provides mainline rail travel to Exeter, Bristol and London Paddington.

For trips further afield, Cubert is just 12 miles away from Cornwall Airport Newquay, which offers direct links to London, Leeds, Manchester, Birmingham, Scotland and the continent.

Distances and times quoted are approximate guides.

CONTEMPORARY COASTAL LIVING

Swimming, surfing or paddle boarding. Make the most of having some of the finest beaches in the UK right on your doorstep, including Holywell Bay, Perranporth and Crantock.

Looking for family days on the beach, join the Holywell Bay Surf Life Saving Club and know children will grow up safely on the water and will have some amazing stories to tell of growing up on the North Cornwall coast.

Head to the huge, golden sand beach of Holywell Bay backed by wonderful grassy dunes, perfect for picnics or watching impressive sunsets. At low tide, it's possible to explore the fascinating Holywell Cave with its rainbow coloured walls.

Alternatively, walk through the magical Poly Joke poppy fields and on to the hidden gem of Poly Joke beach.

There is plenty to explore right on your doorstep up and down the beautiful North coast of Cornwall. The great Atlantic Sea and the North Coast of Cornwall. A coast that is truly worth living.

| Trelissick Gardens

| The Watering Hole, Perranporth

| Poly Joke Beach

NEARBY

Highfields also provides a wonderful base that enables easy access to the rest of what Cornwall has to offer. Here are just a few of our favourites;

Just a few miles along the coast is **Perranporth beach** with its endless golden sands and the famous **Watering Hole beach bar**, the UK's only bar on a beach, to enjoy great food, drinks and sunsets with friends and family.

- Take a day trip to **Padstow**, enjoying a cycle ride on **The Camel Trail** followed by **Rick Stein's Fish & Chips**.
- A short trip to **Trelissick Gardens** to see the estuaries of the South Coast and the great National Trust house, gardens and pasturelands.
- Venture to **St Ives** to witness the artistic light in the sky and the works of art at **The Tate Gallery**.
- Alternatively, head up to **Crantock Beach** where you can, at low tide, walk across the footbridge and visit the **Fern Pit Café**, one of Cornwall's best kept secrets, where you can order a fresh crab or lobster for dinner.

SUSTAINABILITY & COMMUNITY

Sustainability & Community

We recognise our responsibility as a builder of premium homes and new communities to behave responsibly when it comes to minimising the impact of our homes on the environment and contributing positively to our new communities.

All Legacy homes feature many energy saving features, however, we recognise we are on a journey to improve the energy efficiency of our new homes and we are committed to continually seeking better choices without compromising on the quality of your new home.

All new homes at Highfields are A rated, the highest possible, for energy efficiency and minimising environmental impact.

Renewable heating sources in all new homes

Every Legacy home is warmed sustainably by an air source heat pump, which efficiently absorbs ambient heat from the outside air. The heat pump then warms the heating systems and hot water for your home. Air source heat pumps are over 50% more efficient than a traditional gas boiler.

All our homes come with underfloor heating to the ground floor which distributes warm air faster than traditional radiators. Underfloor heating can reduce energy consumption and your bills by 30%.

Energy efficiency built in

Every Legacy home is thoughtfully designed and built to use energy as efficiently as possible, so as much of your energy and heat stay where it should be... inside your home.

We use the latest sustainable technology and materials to achieve the best performance possible.

Every window in a Legacy home is made incorporating recycled PVC, ensuring no compromise on aesthetics or environmental performance. The advanced multi-chambered design of our windows work together to lock in heat. This means our 'A+'-rated windows offer market leading performance.

All homes include maximum possible insulated walls and roofing to maximise energy efficiency.

Every Legacy kitchen and bathroom includes aerated taps, showers and dual flush cisterns, which help reduce water usage by up to 50%.

Ev charging ready

Your home's sustainability is important to you and so too will be the sustainability performance of the car you drive. So, every new legacy home is pre-wired to accommodate an ev charging point.

Sourcing sustainable materials

Legacy Homes has a long partnership with ground-breaking Cornish business Green & Blue who produce innovative, aesthetically beautiful products that help us all to make the changes necessary to protect our environment for future generations. Their products include Bee Bricks, Bat and Swift Boxes and Modern Bird Bathes, all of which are made from recycled Cornish clay and delivered to site in recycled packaging.

We share Green & Blue's vision that every new house built needs to provide a home for wildlife as well as for us. With so many species in decline we have to rethink the way we plan, build and manage both housing and within our own gardens.

Every new Legacy Home includes at least one Green & Blue home for wildlife and many of our developments include wildlife hotels and bird baths.

All our homes are covered using FSC (Forest Stewardship Council) timber, ensuring the main natural material used in your home comes from sustainable sources.

This brochure is made using FSC recycled paper.

Caring for our new communities

Our passion for creating new communities includes being a good neighbour. Our development Halwyn Meadows in Crantock included ten new allotment plots handed over to the parish council exclusively for the village community.

We are also helping the village build a new extension to the village hall to help expand its usage by the village and wider community.
