We adore this room, with an exposed stone wall on the right and a tall decorative stone fireplace on the left. With a high beamed ceiling, this room has a west-facing window with open aspect opposite, so gets lots of natural light. The room has laminate flooring, three ceiling light fittings, pine skirting boards, a radiator and electric fire. The alcove to the left of the fireplace has cabinets and a wide shelf - this home has lots of very clever storage solutions throughout.

A bevelled pine door with iron latch opens into the workshop on the right and there is an open entrance through to the breakfast kitchen in front.

This well-designed room has breakfast bar on the right, with space for 2-3 stools. There are several cabinets above, including two glass-fronted display cabinets. Opposite are a range of high and low level cabinets with space in the centre for an oven, with an extractor fan above. The walls have subway brick-style splashbacks. To the right is an integral stainless steel sink and drainer with chrome mixer tap beneath a rectangular window, with shelf above.

On the right is space under the stairs for a fridge-freezer, with a wall-mounted radiator behind and cute cabinet above. The room has a terracotta tiled floor, ceiling light fitting, beamed ceiling and two steps up to the utility area and stairs. On the left are two steps up to a compact - but also well designed - lobby area.
