## Front of the home

The block paved driveway has space for two vehicles to park side-by-side and a fence on the right hand side. There is a step down to the path which runs past the bay window to the front door - and also around the left-hand side of the home to a modern timber gate to the rear garden. There are wall-mounted lights and CCTV on that side and beside the front door. Enter the home through a stylish modern part-glazed composite front door with chrome handle and letterbox.

## Entrance porch

With solid hardwood flooring, a recessed ceiling spotlight and radiator, this entrance to the home has stairs in front up to the first floor. A stripped pine door with chrome handle opens into the sitting room.

## Sitting Room

13'1" x 12'11" (4 x 3.95)

The solid hardwood flooring flows seamlessly into this bright and airy room. Natural light floods in through the wide bay window, which has fitted wooden shutters - with views across to the large grassy recreation ground. A modern electric fire is set within a sleek surround and the room includes a ceiling light fitting, radiator and skirting boards. There is a useful under-stairs cupboard and part-glazed wooden double doors lead through to the kitchen.

## Kitchen

13'1" x 8'2" (4 x 2.5)

With space on the right for a small dining set, this is another room with natural light pouring in - this time through the two south-facing windows and part-glazed door to the rear garden. The room has laminate flooring, recessed ceiling spotlights, a radiator and a cupboard above the door which houses the electrical consumer unit.

The modern fitted kitchen was installed during the current period of ownership. There is space on the left for a fridge-freezer. The U-shaped worktop has brick tiled splashbacks and a range of fitted cabinets above and below, including drawers and space and plumbing for a washing machine. An integral Lamona four-ring gas hob has an electric oven below and brushed chrome extractor fan above. The contemporary Lamona rectangular sink and drainer with chrome boiler tap sits beneath the window to the rear garden and the Ideal boiler is situated in the top-corner cabinet.

## Stairs to first floor landing

Carpeted stairs lead up to the landing, where there are two ceiling light fittings and a loft hatch overhead. The loft is boarded and has power and a pull-down ladder. The CCTV control panel equipment is also located there. White panelled doors with chrome handles lead into the two bedrooms and bathroom.

## Bedroom One

11'3" x 9'10" (3.45 x 3)

A spacious double at the front of the home, this has a wide bay window with elevated views across to the recreation ground. The room is carpeted and has a radiator, ceiling light fan and bespoke fitted wardrobes and drawer units.

## Bedroom Two

6'0" x 5'8" (1.85 x 1.75)

On the left are full-height, full-width new fitted wardrobes with mirrored sliding doors. Currently a home office, the room has laminate flooring, a panelled feature wall, radiator and recessed ceiling spotlights. A south-facing window looks out over the rear garden to the tree-filled horizon beyond.

## Bathroom

7'2" x 5'2" (2.2 x 1.6)

The high quality new bathroom suite includes a sleek rectangular bath with contrasting black taps and 'Kenes' mains-fed shower with monsoon and standard shower heads. The contemporary vanity unit has an angular ceramic sink and black mixer tap above. There is a ceramic WC, porcelain floor tiles and floor-to-ceiling tiles, slate grey heated towel rail, wide frosted double glazed window, recessed ceiling spotlights and extractor fan.

## Rear Garden

Accessed from the kitchen and via the side path, you alight upon a paved dining patio - it's a real sun trap, south-facing and has space for seating and dining. There are wall-mounted lights, power points and a tap. Three steps lead down to the long neat rectangular lawn with a path on the left down to another patio at the bottom of the garden. The large poured-concrete storage

shed at the bottom could also be a games room/teenage den and it has space to the right for outdoor storage. The garden is a lovely place to relax and potter with family and friends, with plenty of space for children to play.
