The area in front of the home is also within the boundary of the property, with consent to park 2-3 vehicles there too. Indeed, the town centre and Hall Leys Park are within a 5 minute flat walk from the home. Front of the home

This attractive stone-built double-fronted home has a stone wall with decorative columns above, which form the front boundary. A path on the left leads to separate external entrances to Bedrooms Four and Five. On the right, the tarmac drive has space for one vehicle and double decorative iron gates to a courtyard garden with astroturf and gate to the rear garden. This space could be a second parking space, with room for up to three more vehicles to park in front of the home, where that land is within the overall boundary.

At the front, slate beds have space for plant pots and seating. Doors each side lead into the entrance porch.

Entrance Porch

With a tiled floor, pitched roof and glazing on three sides, this room is the perfect place to kick off boots after a hearty local walk. There is space for bench seating. A beautiful stone surround frames where the original front door to the home was, with wall lights each side. Enter the home through the stylish panelled front door with ornate knocker and handle.

Entrance Hallway

Indicative of the quality throughout the home, the hallway has a lovely thick carpet (with floor tiles protected beneath should you wish to expose those), panelled walls, a natural wood staircase and part-glazed wooden doors to the lounge and kitchen-diner. There is a door to the under-stairs cupboard and, on the left, a heritage radiator. The bookcase doubles as an ingenious secret door into Bedroom Four too - a fantastic surprise!

Lounge

11'9" x 11'9" (3.6 x 3.6)

This beautiful room has a cast-iron multifuel burner set upon a stone hearth, with original exposed stone plinth above. The room has a high ceiling with coving and pretty rose ceiling light fitting, tall skirting boards and a tall south-facing window with bespoke fitted shutters. There is laminate oak-effect flooring, a vertical radiator and feature panelled wall. A half-glazed wooden door leads through to the kitchen-diner.

Kitchen-Diner

21'2" x 15'3" (6.46 x 4.65)

In the heart of the home, this spacious room has a tiled floor, high ceiling with recessed spotlights, radiator and handy additional large alcove in the corner with space for a fridge-freezer, bins and additional furniture. There is space for a four-seater dining table.

The long L-shaped solid pine worktop has subway brick-style splashbacks and there are a range of high quality fitted cabinets and drawers beneath, including space and plumbing for a washing machine. The large integral ceramic Belfast sink has a copper-coloured boiling water mixer tap. We love the eye-catching copper extractor fan, suspended above the four-ring induction hob and Indesit gas oven. A door on the right leads into the laundry-boot room and another door on the left opens to reveal Bedroom Five.

Laundry/Boot Room

9'10" x (max) 9'8" (3 x (max) 2.97)

Accessed from the kitchen-diner and the driveway side entrance door, this room has a hard-wearing vinyl floor and pitched roof with Velux window and ceiling light fitting. There is space for cabinets and appliances - and the alcove has another ceiling light fitting.

Bedroom Four

12'8" x 11'9" (3.87 x 3.6)

This beautiful bedroom is accessed through an external door at the left-side of the home or via the secret door set within the entrance hallway bookcase. Featuring a huge standalone bath with claw feet and heritage chrome mixer tap, there is also a vanity unit with sink and a tall vertical radiator. The bedroom has laminate flooring, a south-facing window with fitted wooden shutters, high ceiling with rose pendant and a panelled wall. The large stone fireplace houses another cast-iron multifuel burner with flue.

We love the WC which is discreetly housed in a mahogany room in the corner. The WC itself has a ceramic cistern painted with decorative flowers and there is also a ceiling light fitting, extractor fan and a cabinet with shelving on the left.

Bedroom Five

8'10" x 6'6" (2.7 x 2)

A cute bedroom with en-suite shower room, this is accessed from a private external door or from the kitchen-diner. As with Bedroom Four, this offers great potential as a separate Airbnb room, bringing additional revenue in. The bedroom has oak-effect laminate flooring, a radiator, wall lights, Velux window and panelled walls, plus a small wall-mounted pull-up table. The en-suite has a cubicle with folding glass doors, tiled surround and Triton electric shower. There is a ceramic WC with integral sink, vinyl floor and ceiling light fitting.

Staircase to first floor landing

Pine stairs with a banister on the left lead up to the first floor landing - with exposed floorboards - which heads left and right. To the left is a beautiful south-facing stained window, radiator, ceiling light fitting and doors to Bedrooms One and Two. To the right are recessed ceiling lights, a loft hatch and pine doors to the bathroom and Bedroom Three. The loft is part-boarded and has 'Super Quilt' 19 layer insulation with vapour control.

Bedroom One

11'10" x 11'9" (3.62 x 3.6)

This elegant, light and airy bedroom has painted floorboards, a high ceiling with decorative rose pendant, panelled walls and a south-facing window with fitted wooden shutters. There is a radiator and plenty of space for furniture and a double or king size bed.

Bedroom Two

11'10" x 11'9" (3.62 x 3.6)

Also at the front of the home, this roomy double is currently used as a combined home office, music room and bedroom - demonstrating the size. It has oak floorboards, a south-facing window with fitted shutters, radiator and ceiling light fitting.

Bathroom

10'2" x 7'11" (3.12 x 2.42)

The spacious bathroom has a jacuzzi bath on the right with a central chrome mixer tap and jet streams - an ideal space to stretch out and chill out! The bath has a tiled surround and mains-fed shower with distinctive double shower head overhead. We love the wide wooden vanity unit with 'His n Hers' sinks with chrome mixer taps. The room includes a pretty modern patterned double-glazed window, tiled floor, radiator and recessed ceiling spotlights.

N.B. The WC currently in-situ is a bidet toilet which the current owners are taking with them - this will be replaced by a standard WC.

Bedroom Three

10'4" x 8'6" (3.16 x 2.6)

This carpeted bedroom has a radiator, ceiling light fitting and a cupboard housing the boiler.

Rear Garden

The tiered garden is accessed up steps from the driveway/astroturfed garden beside the laundry room. The first tier is behind the upper floor of the home, with space for outdoor storage. There is a wall-mounted tap at this level.

Seven steps lead up to tier two, with gabion wall bench seating the entire length of this garden. There is easy-maintenance astroturf at each end. On the right is space for two large sheds - one of these has a power supply and there are additional power supplies at each end of the garden. To the left-hand end are a dining patio with space for seating and dining. It's a real suntrap, as is the top tier, which is up another eleven steps. All steps have rope banisters on one or both sides.

At the top tier, you have fantastic views over rooftops to the wooded hillsides across the valley. There is a long rectangular lawn with stone walls and timber fences at each end. A tall (circa 25 foot high) stone wall forms the rear boundary. There is a pond in the top-right corner and raised flower beds to the left. It's great to have such a large garden with wonderful views in the centre of Matlock.
