Front of the home

A tall stone wall forms the front boundary and you enter the front garden through a sturdy decorative iron gate. Immediately on the right is a recently-installed EV charging point. Three stone steps lead up to the beautiful, well-stocked front garden, with the impressive house rising up beyond. The lovingly-maintained garden has large flower beds to the left and right which are brimming with mature colourful plants and bushes. The gravel seating area is the perfect vantage point from which to admire the verdant view of tall trees and the cliff face in the near distance.

There is space for outdoor storage and a potting shed. A path on the right and tall stone wall lead to the rear garden. At the front of the home, in the centre, ascent six stone steps to the solid wood front door with iron knocker, handle and letterbox. It's an uplifting and aspirational first impression.

Entrance Hallway

Indicative of the quality to be found throughout the home, the hallway has restored Minton floor tiles and period features including skirting boards, ceiling coving, a dado rail and beautiful architraves. The useful initial porch area has a recessed barrier mat and part-glazed wooden door which opens into the main hallway. There is a high ceiling with light fitting, radiator, staircase to the upper floors and panelled doors to the sitting room, dining room and inner hallway.

Sitting Room

13'11" x 12'11" (4.25 x 3.95)

Natural light pours in through the east-facing window. The focal point is the Arts & Crafts stone working fireplace. The room has exposed pine floorboards, two timber-framed double-glazed sash windows, a decorative ceiling rose and coving, picture rail and skirting boards. The room also has a radiator and plenty of room for sofas and additional furniture. We love the original bell on the fireplace which was linked to the bell system in the kitchen (when this was originally called the Drawing Room).

Dining Room

16'0" x 12'11" (4.9 x 3.95)

The formal dining room has a wide east-facing double-glazed bay window with fitted Roman blinds. This room has exposed pine floorboards, a radiator and high ceiling with light fitting. The substantial marble fireplace has a slate hearth and houses a coal-effect gas fire. Period features include high skirting boards, decorative coving and a picture rail. There is plenty of space for an 8-seater dining table and additional seating and furniture. With the shower room on the ground floor, this room or the Garden Room could be utilised as a ground floor bedroom.

Inner Hallway

A door from the entrance hallway leads to the tiled inner hallway - and there is a useful rear entrance with recessed barrier mat if you want to come in this way after a muddy local walk. There is space to hang coats and kick off footwear. Doors lead into the kitchen, shower room, garden room and laundry room.

Kitchen

12'11" x 12'7" (3.95 x 3.85)

This spacious room has modern fitted cabinets on each side and space in the centre for a dining table or island. Immediately on the right is space for a fridge-freezer and then a granite worktop with a range of low level cabinets, including an integral Neff dishwasher. Beneath the west-facing modern double-glazed window to the rear garden is a 1.5 Franke stainless steel sink and drainer with chrome mixer tap. In the top-left corner are two wall-mounted cabinets.

The former fireplace retains the original stone jambs and plinth and the inner surround has been tiled. On the left, the long L-shaped granite worktop has lots of high and low level fitted cabinets and drawers including deep pan drawers. The integral five-ring gas hob has a sleek black Neff extractor fan above. At the far end is a double chest-height Neff oven with combi-oven and cabinet above. The kitchen has a tiled floor, ceiling light fitting and we love the 'Blackburn' bell box above the door.

Shower Room

6'8" x 6'2" (2.05 x 1.9)

It's always great to have a ground floor WC and so this shower room means that the garden room or perhaps dining room could be a ground floor bedroom, providing living for a family member on one level.

Bedroom One

12'11" x 12'7" (3.95 x 3.85)

A large double bedroom at the rear, it has fantastic views of the rear garden and surrounding lush trees through the sash window. We love the eye-catching iron fireplace. This carpeted bedroom has a radiator, ceiling light fitting and lots of space for a bedroom and furniture.

Bedroom Two

15'10" x 12'9" (4.85 x 3.9)

Another spacious double, this is at the front of the home and has two tall timber-framed east-facing double-glazed sash windows. The room also has an ornate fireplace - which is display only - with a pretty tiled surround. The room is carpeted and has a radiator, two wall lights and door to the adjoining room, which is currently a dressing room.

This carpeted room has a radiator, ceiling light fitting and fabulous views through the tall sash window. A door leads back through to the landing.

Bedroom Three

14'1" x 12'9" (4.3 x 3.9)

Like Bedroom Two, this large double at the front of the home has two timber-framed double-glazed sash windows and an ornate fireplace with grate, hearth and tiled surround. The carpeted room has a radiator, ceiling light fitting and arched alcove to the left of the fireplace.

Bedroom Four

13'11" x 9'0" (4.25 x 2.75)

Currently a home office, this bedroom at the rear of the home is carpeted and has a radiator and ceiling light fitting.

Stairs to second floor

Carpeted stairs in the grand staircase continue on up to the second floor, with a large eaves cupboard on the right. The landing has a large Velux window and loft hatch overhead. Panelled doors open into the kitchen, bedroom/reception room, large storage cupboard, another bedroom, WC and bathroom. This floor has frequently been used as self-contained accommodation.

Bathroom

10'4" x 4'9" (3.15 x 1.45)

The angular bath has chrome taps, a mains-fed shower overhead and pivoting glass screen. There is a ceramic pedestal sink, porcelain tiled floor, frosted sash, ceiling light fitting, radiator and shaver point. There is a WC in separate room next door.

Rear Garden

Accessed via the side path and from the inner hallway and Garden Room, the rear garden has been landscaped to a very high standard. The easy-maintenance garden has seating and dining areas with entertainment space on two levels.

At ground level is a large secure undercroft storage shed. Flagstone paving leads to a lovely sheltered seating area with gravel bed, high stone wall with wall-mounted lighting, small raised flower bed and outside tap on the external house wall.

Wide Birchover stone steps with an iron banister on the right lead up to the upper garden. It's a real suntrap and there is lots of space for seating, dining, planters and a barbecue. From here, there are views across to the trees and cliffside. There is additional wall-mounted lighting and power points at each end, making it a perfect spot to relax on summer evenings.
