The private parking area on the left has space for two vehicles to park side-by-side and there is plenty of on-street parking too. A decorative iron gate leads to the rear garden. Enter the home through the wooden front door with iron knocker, handle and letterbox.

Entrance Hallway

This impressive entrance to the home has a recessed barrier mat and ceiling light fitting. The current owners have installed attractive art-deco style panelled glass doors - they provide sound barriers between rooms whilst also letting light pour between the entrance hallway, sitting room, dining room and inner hallway.

Dining Room

12'1" x 11'3" (3.7 x 3.45)

The dining room has wooden parquet flooring, skirting boards, decorative ceiling coving and a ceiling light fitting. The focal point is the 'Morso' cast iron wood burner which is set upon a stone hearth with decorative stone surround. The room also includes a heritage-style radiator, tall west facing sash window and plenty of space for a six-seater dining table and additional furniture. A wide, open entrance leads through to the kitchen.

Kitchen

11'5" x 8'2" (3.5 x 2.5)

The beautiful high quality kitchen has granite worktops, fitted wooden cabinets, tiled flooring and a ceiling light fitting. At the far end is a pantry area with Velux window, wall light and space for a fridge-freezer.

The worktop on the left has fitted high and low level cabinets and drawers, including lit display cabinets and an integral Hotpoint dishwasher. There is also an inset Reginox sink with brass mixer tap and fitted shelving above. Opposite are more low level cabinets and open shelving. In the centre - and available by separate negotiation - is an Everhot stove with hotplates, electric ovens and a Faber extractor fan overhead.

Sitting Room

23'5" x 12'5" (7.15 x 3.8)

With large windows at each end facing east and west, plus two north facing windows, this lovely triple aspect room has parquet flooring, a high ceiling with two light fittings and heritage radiator. The small yet powerful wood burner and flue are set upon a stone hearth with substantial stone plinth above. The room also has skirting boards, a picture rail and recessed fitted cupboards with shelving. It's a wonderful space in which to relax.

Inner Hallway

From the dining room, the glass panelled art-deco door opens into the inner hallway. A staircase leads to the upper floors, whilst ground level doors lead to a bridge to the rear garden and down to the Utility-Gym. The hallway has parquet flooring and ceiling light fitting.

Utility-Gym

13'2" x 10'2" (4.02 x 3.1)

Stone steps from the ground floor lead down to this useful and versatile room. Currently a combined utility and gym, it could also be a home office or games room. Two double full-height cupboards have space and plumbing for a washing machine and tumble dryer. Pine units to the right include an inset sink and mixer tap. The room has laminate flooring, two ceiling light fittings, a tall radiator and plenty of power points. A part glazed wooden door leads out to the neighbouring garden, through which there is a right of way (but is very rarely used).

Stairs to first floor landing

The grand wooden staircase runs up through the centre of the home, with a balustrade and spindles on the right. At the half-turn is a beautiful tall patterned window with stained glass panels and a useful storage cupboard with Ideal boiler and Megaflo water tank. Painted wooden floorboards at the landing flow seamlessly into the three double bedrooms on this floor. There is a ceiling light fitting, stairs heading on up to the second floor and a door into the bathroom.

Bathroom

11'5" x 8'2" (3.5 x 2.5)

This gorgeous room has a separate bath and shower, huge window with views to hilly countryside and space for seating and furniture. Immediately in front is a double shower cubicle with sliding glass doors, tiled surround and mains-fed shower. To the right is a 'Savoy' ceramic sink with chrome mixer tap, chrome towel rail below and contemporary emerald wall tiles behind. The claw foot standalone rolltop bath has a heritage-style chrome mixer tap and hand-held attachment. The room includes a ceramic WC, oak-effect laminate flooring, extractor fan, recessed ceiling spotlights and chrome heated towel rail.

This modern, eye-catching room has a double walk-in shower with reinforced glass panel and mains-fed shower with monsoon shower head and hand-held attachment. We adore the funky tiles on the floor and walls. On the left, the round ceramic sink has a black mixer tap and sits atop a vanity unit. There is a capsule WC, recessed ceiling lights and wall lights, extractor fan and black heated towel rail.

Bedroom Five

20'8" x 11'9" (6.3 x 3.6)

This is the largest bedroom in the home and has oak floorboards, a ceiling light fitting, radiator and eaves storage.

Rear Garden

The upper garden has a large flagstone patio with lots of space for seating, outdoor dining and a barbecue. It is bordered by a stone wall and timber fence. Steps lead down to a private, secluded sunken garden. It has a gravel bed, modern summer house, shed and apple tree in the corner. Stone walls form the boundary of this lower garden on three sides.
