Enter the home through the glazed uPVC door into the kitchen, which was fitted in 2024. The utility room on the right has space and plumbing for a washing machine and tumble dryer or refrigerator/freezer. The Ideal boiler is located here and there is space for coats and footwear. Opposite is an under-stairs cupboard.

The kitchen has a long L-shaped worktop with fitted cabinets above and below, including a full-height fridge-freezer, CDA microwave oven and Neff dishwasher. The 1.5 stainless steel sink and drainer with chrome mixer tap sits beneath a wide west-facing window. To the left is an integral Zanussi four-ring electric induction hob with Bosch oven below and extractor fan above. The room has quality laminate flooring and a ceiling light fitting.

Lounge

The Clearview wood-burning stove is situated within a hand-crafted Birchover stone fireplace and set upon a stone hearth. The room has plenty of space for furniture, a ceiling light fitting and wall lights.

Conservatory

With tiled flooring and glazing on three sides out to the garden, the room has a radiator and ceiling light fitting. A door opens out to the rear garden.

Stairs to first floor landing

Carpeted stairs curve up to the galleried landing, with a large window on the right. There is a ceiling light fitting, space on the landing for storage and a loft hatch above to the part-boarded loft. Doors lead into a full-height cupboard with shelving, the bathroom and three bedrooms.

Bathroom

Constructed in 2024, this splendid cedar-clad building is fully insulated (including under-floor) and has double glazed windows. Currently used as a combined home office and gym, the home would also make a great cinema room, games room, bar, teenage den or - subject to relevant permissions - a business base for a salon or similar. The room has lighting, power and Wifi connectivity.

Rear Garden

Landscaped over the past couple of years by a professional gardener, the garden has a large paved patio with plenty of room for seating and outdoor dining. Raised flower beds are well stocked with a range of colourful plants on three sides. This long garden gets the sun all day through to the evening, offering shaded areas into the afternoon and early evening if desired. There are timber fences forming the boundary on three sides. At the bottom of the garden is the aforementioned substantial home office/gym and this has a large attached shed to the left. Access is possible around to the rear of this building - useful for storage and ongoing maintenance.
