OUTSIDE

The property is situated within grounds that extend to approximately 7.85 acres and approached via a most impressive 80 metre driveway that leads to a spacious parking area that encircles a lawned island. To the southerly elevation, a sun terrace leads to barbecue area and an outside heated swimming pool that is enclosed by mature clipped box hedgerow. This area also incorporates two outbuildings that provide a fitness and shower room, enabling a magnificent environment for summer entertaining. The majority of the grounds are set as parkland and paddocks, though could be adapted to suit a variety of needs. The formal lawns that surround the house are interspersed with a varied assortment of mature flower beds and ancient trees. Beyond the boundaries are miles of open countryside that offer exquisite panoramic views from all elevations of the property. These are intersected by multiple bridleways and footpaths.

A wisteria clad verandah opens to a spacious games room that has internal dimensions of 12m x 7.8m. This most versatile space could also offer a substantial fitness suite or perhaps annexe accommodation, subject to the usual planning consents.

A well stocked and enclosed vegetable patch is surrounded by mature fruit trees and a cone shaped pond with a nearby arbour provide appealing focal points. A secret garden to the east creates a private oasis and lovely spot for al fresco dining.

The six car garage incorporates two workshops and the adjacent range of sheds provide an abundance of practical storage.

The equestrian facilities are exemplary. A flood lit 60m x 25m Charles Britton all year round rubber and sand riding arena is an attractive feature. The Essex barn is most substantial, and could, subject to local authority approval, provide an additional dwelling. It presently offers three large stables, each with rubber flooring, automatic waterers and front to back opening top doors. These open to an adjacent sheltered yard

that provides stabling for three ponies and secure tack and feed room with the benefit of useful, spacious storage. These are all complemented by a Claydon five horse walker and winter 'sand' paddock. As previously mentioned, bridleways surround the property across countryside that extends to Herongate, Hutton, Billericay and beyond.

SERVICES

Mains water, electricity drainage. Oil-fired central heating. Fibre broadband is accessible from within the grounds.

AGENT'S NOTE
