We are delighted to offer the rare opportunity to purchase Equestrian Land and buildings in Camps Heath, near Lowestoft. Owned by two generations of the same family since 1985 the land totals 2 acres (subject to survey) and is situated upon part of a former gravel pit / landfill site. The land is split into 2 paddocks with a separate area for vehicles / manure heap behind the buildings. The sale includes two sets of movable timber stables divided into 4 units and a substantial timber framed barn. The vendor advises that the property benefits from an electricity supply, lighting and power to all buildings and a wireless intruder alarm system with remote signalling (further details on these will be provided to the successful bidder). Rain water is harvested from the buildings to storage tanks. This area of Camps Heath has become synonymous with equestrian activity and the owners are keen to preserve the land exclusively for equestrian use, recorded by way of a covenant.
