The Property

Set at the bottom of a no-through road, Apple Cottage offers a peaceful setting with off-road parking for several vehicles. Refurbished and extended to a high standard in 2018, the home combines quality finishes with flexible living space arranged over two floors. There is also planning permission granted to extend further.

The entrance hall features engineered oak flooring and leads into a spacious living room, bright and inviting, also with engineered oak flooring and a log-burning stove set beneath an oak mantel. The dining room adjoins the living room and connects via a door to the kitchen, while double doors open into the conservatory — a generous, light-filled space with doors leading out onto the patio.

The kitchen and snug provide a practical and welcoming family area. The kitchen includes a central island topped with quartz worktops, offering storage and a breakfast bar. The remaining kitchen surfaces are granite, featuring a Belfast sink with an instant boil tap. Integrated appliances include a pantry cupboard, Rangemaster oven with electric hob, dishwasher, and space for a fridge freezer. The floor is laid with limestone, and there is space for a breakfast table. The adjoining snug provides a cosy spot to relax. Stable doors lead both to the front and rear gardens.

Off the kitchen, the utility room includes space for a washing machine, storage cupboards, a double Belfast sink, and a door to the single garage. A convenient WC is also located just off the kitchen.

Upstairs, the landing is light and airy. The principal bedroom has a double aspect, a walk-in wardrobe, an ensuite shower room, and an airing cupboard. Three further generously sized bedrooms — two with built-in wardrobes — are served by a family bathroom featuring a roll-top bath with shower over and tiled flooring. All sanitaryware throughout the property are Burlington.

Outside, the front garden includes a lawn with an apple tree, a nod to the cottage's name, alongside multiple parking spaces. The rear garden is a private retreat with a large patio bordered by handmade wrought iron railings, a generous lawn, and a stream running the full length of the garden. A concrete base offers potential for a greenhouse or shed, complemented by outdoor lighting and side access to the front.

Apple Cottage combines thoughtful design and modern comfort with a tranquil setting in Little Tew, which also lies within the exclusive catchment area for the highly regarded Great Tew Primary School — a significant advantage for families seeking outstanding local education.
