£210,000

Guide Price

Hooper Avenue, Colchester

Guide Price: £210,000 - £220,000.

A beautifully presented duplex coach house located within the popular CO2 district of Colchester, offering stylish, high-spec accommodation arranged over two floors, together with a garage and allocated parking.

The first floor is accessed via a private entrance hall with stairs rising to a bright landing. From here, there is an impressive open-plan living room with space to dine, and a separate contemporary kitchen fitted with modern units and worktops. A well-appointed bathroom and a generous double bedroom complete this level, creating an attractive main living floor.

Stairs continue up to the second floor where you will find a versatile office/occasional room with reduced headroom, ideal as a home-working space, hobby room or additional storage as required. The property is presented to a particularly high standard throughout, allowing a buyer to move straight in and enjoy from day one.

Outside, the coach house benefits from its own garage positioned beneath, providing secure parking and extra storage, along with additional allocated parking close by. This setup is perfect for buyers needing both car and bike storage, while keeping running costs low.

CO2 is a well-connected part of Colchester, combining a mainly residential feel with easy access to the town centre, local retail parks and the wider road network via the A12. The area is served by a good selection of primary and secondary schools, with further education available at the nearby University of Essex. Regular bus routes and nearby rail links at Colchester and Hythe stations provide convenient connections towards London Liverpool Street, Ipswich and the surrounding villages, making this an ideal base for commuters and students alike.
