Nestled in the heart of the charming village of Dunning, Beechlea is a deceptively spacious, traditional stone-built home offering an excellent opportunity for those seeking flexible living with generous external space. This property was completely re-modelled in the past to a high standard for the time by the then home owner who operated a successful joinery business from the external workshop. The structure of the building has been well maintained and presents scope for cosmetic upgrades to update and personalise. The house includes four bedrooms, two reception rooms, breakfasting kitchen, a family bathroom, shower room and additional WC. The accommodation spans two levels and is ideal for multi-generational living or those working from home.

Externally, the property truly shines and offers significant potential. It comprises of a private and well-maintained rear garden which provides direct access to Rollo Park and Dunning Golf Course, a raised deck overlooking the golf course, ample off-street parking, and a substantial workshop space, incorporating a multi car garage. This space which includes an upper floor has significant potential and could be used to operate a business or potential conversion into a separate dwelling - subject to the necessary permissions being obtained. Initial plans and drawings that were previously produced by an architect can be available upon request. A rare find in a sought-after location, Beechlea is ideal for families, downsizers, or buyers seeking a peaceful lifestyle while staying well connected.
