£299,999

Moments from the curve of Langland Bay, this setting is shaped by the rhythm of the sea and the easy pace of village life. Morning walks along the coastal path, coffee overlooking the water, and afternoons spent on the sand form part of the everyday here. The surrounding area offers a blend of well regarded schools, independent cafés and open green spaces, all within a community that feels both relaxed and quietly refined. Swansea city centre remains within convenient reach, ensuring a balance between coastal retreat and connectivity.

Positioned on the ground floor, the apartment is arranged with a sense of simplicity and light. The living space is open plan, designed to draw the eye outward towards the bay. From here, a private balcony provides a direct connection to the seascape beyond, with uninterrupted views stretching across Langland Bay. It is a setting that naturally lends itself to both quiet mornings and evenings spent watching the changing light over the water.

The accommodation extends to a well proportioned bedroom, a bathroom, and an entrance hall that offers a practical sense of arrival. With a floor area of approximately 480 square feet, the layout has been thoughtfully composed to maximise both comfort and outlook.

The property is offered with no onward chain, presenting an immediate opportunity for a range of buyers. The flexibility for holiday, short term or long term letting adds further appeal, whether as a coastal retreat, an investment, or a permanent home by the sea.
