83 The Green Lyneham, SN15 4PD

£400,000

Welcome to this beautifully renovated three-bedroom detached stone cottage, combining period charm with high-quality contemporary finishes. Situated in the thriving village of Lyneham, the property enjoys a convenient location between Royal Wootton Bassett, Calne and Chippenham.

The accommodation begins with a bright entrance porch, thoughtfully added to provide practical storage, leading through to an impressive dining/family room. Immediately apparent is the exceptional standard of finish throughout. This welcoming space features a striking corner log-burning stove with a marble hearth and mantel, integrated log store and attractive tiled flooring, creating a warm focal point for everyday living.

Positioned within the 1970s extension, the stylish kitchen has been beautifully refitted with a range of quality units, integrated appliances and luxurious Cloudburst granite worktops, complemented by matching upstands and window sills. A cosy snug provides a second reception room, complete with a feature fireplace recess and marble hearth, while double French doors open directly onto a covered patio, offering an

ideal space for outdoor dining and entertaining.

The first floor offers three well-proportioned bedrooms. The generous principal bedroom retains a character fireplace, while the remaining bedrooms are served by a beautifully appointed family bathroom, finished to the same exacting standard found throughout the home.

Externally, the property benefits from a newly laid gravel driveway providing off-road parking for up to four vehicles, accessed via a small byway. A gated side entrance leads to the generous rear garden, which has been newly landscaped with fresh turf and is enclosed by attractive modern red brick walling, creating a private and secure outdoor space.

This exceptional cottage has been sympathetically modernised whilst retaining its character, offering a rare opportunity to purchase a beautifully finished home in a popular village location. Early viewing is highly recommended.
