

RIVERHOMES

Oyster Pier
Battersea SW11

£475,000
Residential Mooring

Oyster Pier Battersea SW11

An exceptionally rare opportunity has become available to secure a long term residential mooring at the highly regarded Oyster Pier in Battersea. Offered on a 98 year leasehold, with the term running from 2015 to 31 October 2113, this mooring provides almost a century of security on one of the most desirable stretches of the Thames. Opportunities of this nature seldom come to market, making this a standout prospect for anyone seeking a long term riverside home.

Oyster Pier is a secure, well managed marina with controlled access and a strong, established

infrastructure. Vessels moored here must be fully navigable, and landlord approval is required to ensure the marina maintains its high visual standards and cohesive aesthetic. Residents benefit from mains electricity, water supply and vacuum drainage, while the landlord remains responsible for the upkeep of the marina structure, pontoons, access ways, safety equipment and the insurance of the marina itself. Owners contribute through an annually audited service charge.
