Originally constructed in 1999, this detached home has since been thoughtfully extended through the conversion of the garage, now offering accommodation measuring 984.3 sq ft/91.4 sqm. Set in a secluded corner of the cul-de-sac, the home enjoys a degree of peace and privacy. With planning permission already granted (24/03463/HFUL.) for an extensive loft conversion, the home offers exciting scope to expand and enhance the living space.

On the ground floor, the property comprises an entrance porch, two reception rooms – including a living room and dining room – a kitchen/breakfast room and a utility room. The current homeowners have meticulously re-configured and adapted the property, including the conversion of the garage with a bay window to the front, the addition of a utility room and the removal of the wall between the kitchen and dining area to create a larger open-plan kitchen area.

Upstairs, there are three bedrooms and two bathrooms, both of which were replaced in 2020. The master bedroom suite benefits from fitted wardrobes as well as an en-suite shower room with feature green tiles and a double enclosed shower. The further two bedrooms are each served by the family bathroom, which has feature blue tiles, and a panelled bath with an overhead shower.

Externally, to the front of the property is driveway parking for at least two vehicles, a small lawned area and herbaceous borders. The rear garden is fully enclosed with gated side access and benefits from a timber constructed outbuilding / summer house to the end of the garden, offering a flexible space suitable for a variety of uses.
