The kitchen is of an older style but has been meticulously cared for by the previous owner. The kitchen benefits from herringbone flooring, storage to both eye level and base level, space for a fridge freezer, integrated appliances include a fan assisted oven, electric hob, extractor fan above and a dishwasher. To the first floor the property has three well proportioned bedrooms with bedroom three set up as a work from home space. The bathroom benefits from a panelled bath with mixer tap, a single enclosed shower, a pedestal sink, a low-level WC and eaves storage.

Externally – The property occupies a generous plot for the cul-de-sac with a large part of this plot being to the side of the property and offering potential for expansion subject to the relevant planning consents. To the front of the property is a lawn area with a concrete laid pathway leading to the front door and a side gate with access to the rear garden. A concrete driveway provides parking for one vehicle and leads up to the single garage with up and over door and power and lighting. The rear garden of the property is fully enclosed, is laid predominantly to lawn with a patio area to the rear of the property and has several well-established trees within the plot. To the rear of the garden is a timber constructed summer house with a separate storage space behind. The summer house benefits from power and lighting, tiled flooring and could make for a good-sized home office.
