The kitchen has not long been replaced and benefits from shaker style cabinetry and space for white goods, which includes a dishwasher, a washing machine, a freestanding oven, a hob and a fridge freezer. Completing the ground floor is an entrance hallway with storage beneath the stairs and a WC adjoining.

Externally, the property overlooks a communal green to the front and has a small gravelled front garden with a pathway leading up to the composite front door. The rear garden is split over two levels with a patio area at the lower level which is accessible off the dining room, and a part lawn/part gravelled area to the upper level. To the rear of the garden is a brick wall perimeter with gated access onto the two allocated parking spaces behind.

The property has a heat recovery system, which captures 80-95% of heat from outgoing stale air and uses this to warm incoming fresh air.
