10 Cavendish Place is an inviting and recently updated townhouse combining clean, contemporary finishes with attractive period-style detailing throughout.

Extending to approximately 1,045 sqft, the property has been thoughtfully arranged over three floors to provide flexible and comfortable accommodation for the modern family.

The ground floor is approached through a welcoming entrance hall, with a useful cloakroom/WC and stairs rising to the upper floors. To the front is a smart, modern kitchen/dining room, fitted with a comprehensive range of sleek cabinetry, stone-effect work surfaces and integrated appliances. Engineered Oak flooring continues through much of the ground floor, giving the accommodation a warm and cohesive feel.

To the rear, the generous living room, measuring approximately 4.55m x 3.78m is a particularly inviting space, with an attractive fireplace providing a focal point and wide, glazed, French doors drawing in excellent natural light and providing easy access directly onto the garden.

The first floor comprises two well-proportioned bedrooms, both benefiting from excellent natural light, together with a family bathroom refitted with a contemporary white suite, including a bath with a shower over.

Occupying the entire second floor is the principal bedroom suite. The suite has an attractive pitched ceiling and dormer window, while the adjoining ensuite is fitted with a corner shower, WC and wash basin, and benefits from additional natural light.

Outside, the rear garden has been designed with ease of maintenance in mind. Predominantly paved and decked, enclosed by timber fencing, it provides a secluded space for outdoor dining and entertaining, with gated access and a timber store. To the front, the property forms part of an attractive terrace of warm brick-built houses, set back from the road behind a landscaped frontage with off road parking for one car.

Cavendish Place can be found at the end of Cavendish Road, which lies off of Mill Road about 1.5 miles south-east of Cambridge city centre.
