GENERAL REMARKS

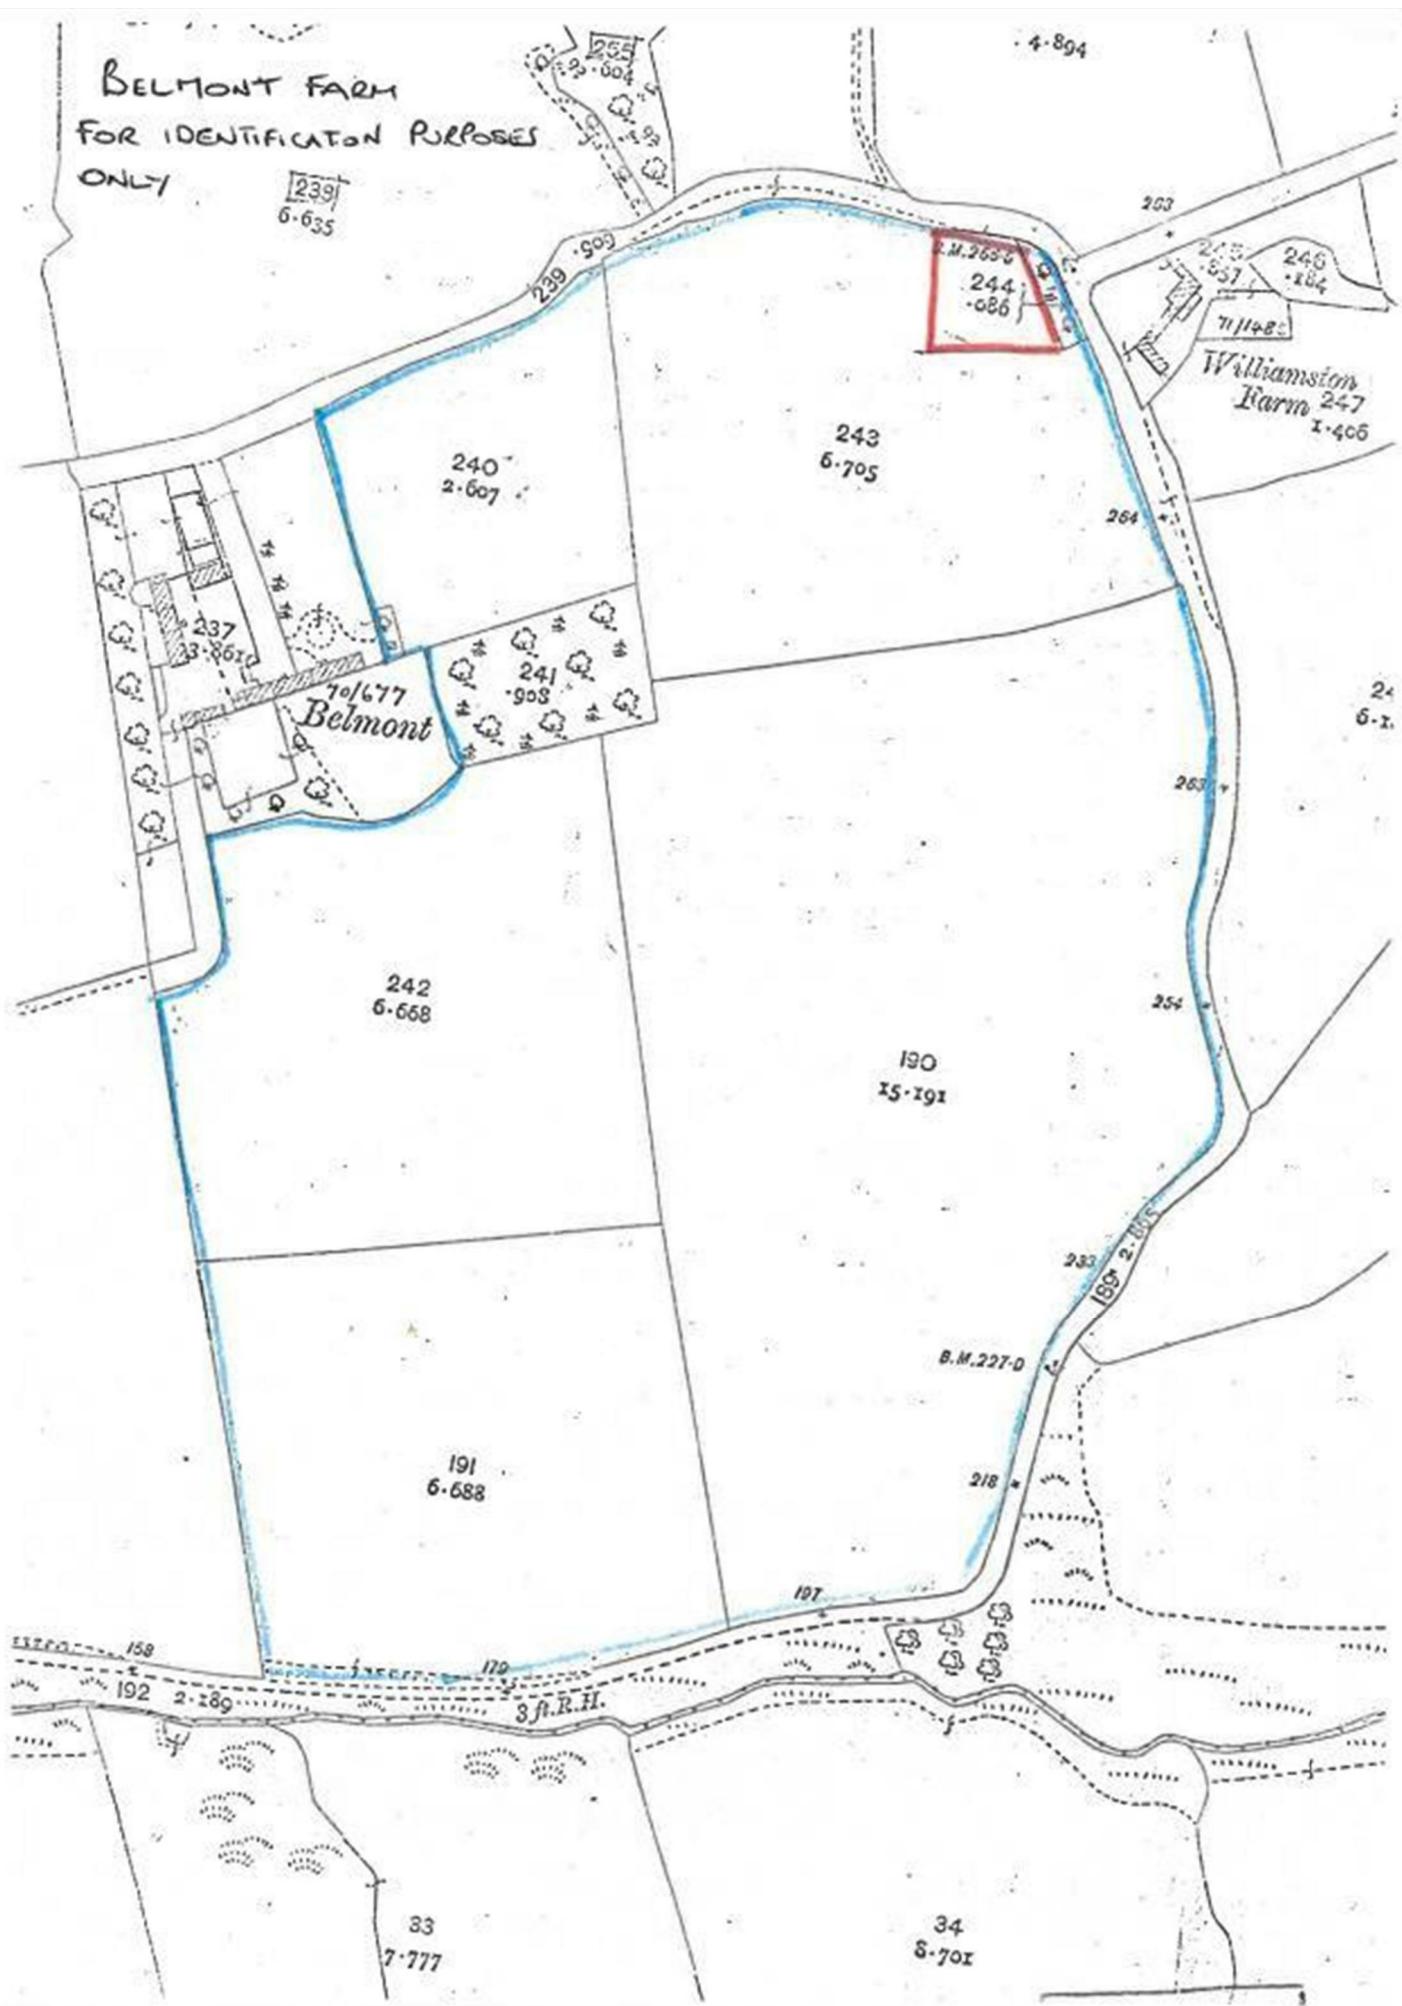

The sale of Belmont Farm offers a rare opportunity to acquire a small farm in a coastal setting. The property includes a detached bungalow that offers deceptively spacious 2 bedroom accommodation but also has the benefit of 2 reception rooms and therefore possibly one of these rooms could be converted to provide a third bedroom. The residence does now require some updating in order to realise its full potential but nevertheless stands on a good sized plot that offers plenty of potential for gardens and grounds.

The property also includes a useful general purpose shed that measures approximately 60 x 60. This is ideally suited for livestock housing, or crop or machinery storage. The land extends to 40 acres or thereabouts and is in the main a good block of highly productive pasture land.

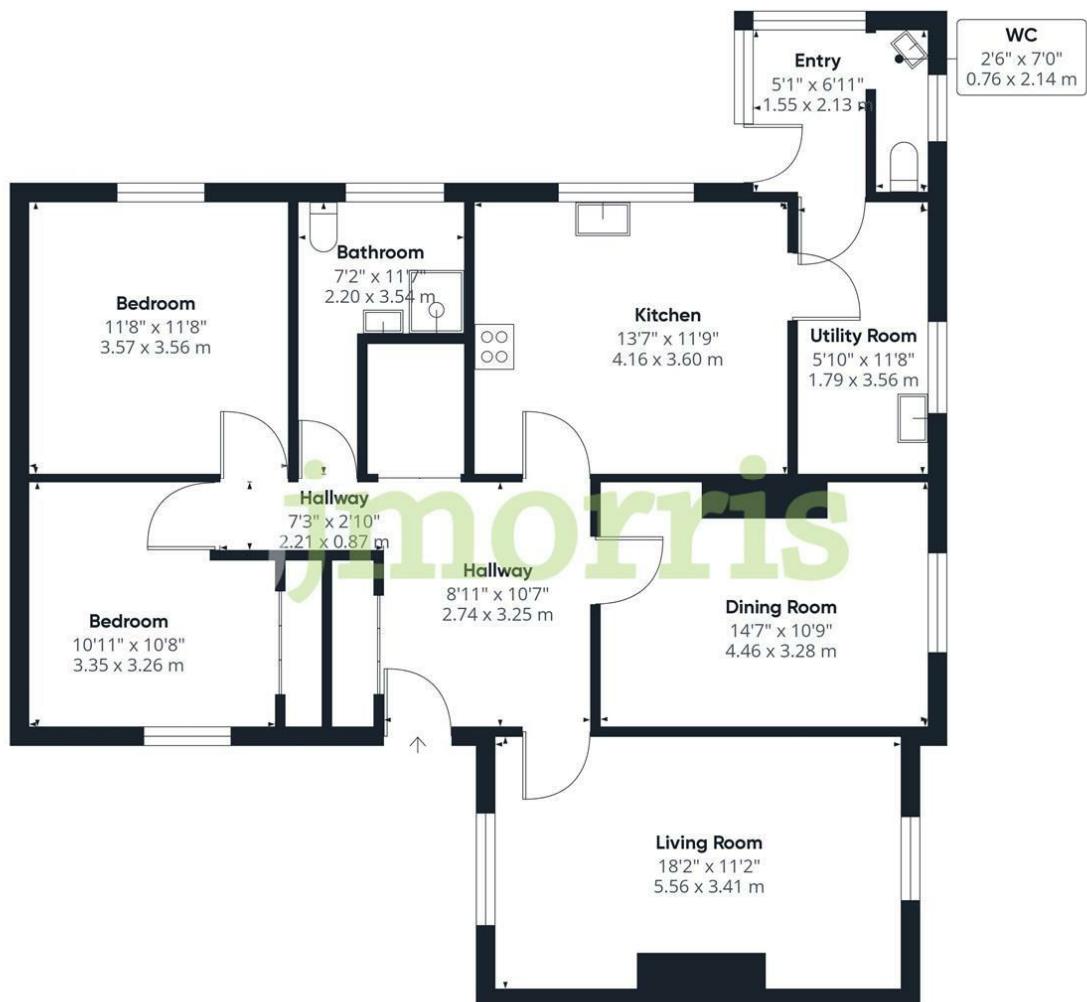

The property is located within the Pembrokeshire Coast National Park and is subject to an Agricultural Occupancy Restriction but nevertheless offers a rare opportunity to acquire a property of this nature. Therefore viewing is highly recommended.
