GENERAL REMARKS

This is a rare opportunity to purchase a block of highly productive arable and pastureland in an outstanding coastal location and including approximately 21.95 acres of Cliff land that lends itself to some form of conservation project. The views of the Coastal inlet of Nolton Haven and the beach at Newgale need to be seen in order to be fully appreciated and we would recommend that any parties considering an alternative use for the land contact the planning department of the Pembrokeshire Coast National Park to establish whether their proposals require planning consent.
