A charming and characterful three-bedroom detached 1930s home, thoughtfully extended by the current owners to provide flexible and well-proportioned accommodation totalling approximately 1,567 sq ft. This much-loved property offers a wonderful blend of period charm and practical modern living, featuring off-road parking for up to three vehicles, a garage, and a mature, private rear garden. Within the garden sits a substantial studio building, ideal for use as a home office, creative space, or hobby room.

Coming to the market for the first time in 44 years, this is a rare opportunity to acquire a home that has been carefully maintained and enjoyed for generations. Gladstone Road is quietly tucked away in a convenient position, yet remains within a short walk of Wivelsfield train station, making it an excellent choice for commuters.

Ground Floor

The ground floor comprises a welcoming entrance hall with doors leading to the downstairs cloakroom, kitchen and living room.

The living room is a particularly charming space, centred around a wood-burning stove which creates a cosy focal point. The room opens to the rear in an L-shape, providing a clearly defined dining area with sliding doors that overlook and open onto the rear garden. Internal doors also connect conveniently through to the kitchen, creating a practical flow for everyday living and entertaining.

The kitchen is well-appointed and offers a generous range of storage cupboards complemented by granite worktops, a breakfast bar and a range cooker. From here there is access out to the rear garden as well as a door leading through to the utility room.

The utility room provides additional practical space with the boiler, wash basin and space and plumbing for a washing machine. An internal door from the utility room leads directly into the garage.

First Floor

The first floor comprises a landing with loft hatch access and doors leading to the bedrooms and family bathroom. All three bedrooms are well-proportioned doubles. The main bedroom is positioned to the rear of the property, enjoying pleasant views across the garden and benefitting from built-in wardrobes. Bedrooms two and three are located at the front of the house and are both well-appointed rooms, each also featuring built-in wardrobes. The family bathroom has been fitted with a modern suite comprising a bath, separate shower unit with digital control settings, WC and wash basin.

Outside

Outside, the property is approached via a private driveway providing off-road parking, with a storm porch leading to the front door. A mature hedge offers a good degree of privacy from the road, while well-stocked planting beds provide an attractive display of established flowers and shrubs. Wisteria climbs the front of the house, adding further character and charm, and a side gate provides convenient access through to the rear garden.

The rear garden is a particular feature of the property, beginning with a generous terrace immediately adjoining the house, ideal for outdoor dining and leads to a large shed. The garden has been thoughtfully arranged with a zoned design, including a lawned area, raised beds to the side and a more natural woodland-style section to the rear, which could also lend itself well to use as a vegetable garden and benefits from a greenhouse. A range of mature shrubs and trees including cherry and apple tree.

A pathway leads through the garden to a substantial garden studio, currently used as home offices, measuring approximately 12' x 12'. The studio benefits from an electricity supply and WiFi connection, making it an ideal space for home working, creative pursuits or hobbies.
